## Document Revision History

Chapter	Date	Revision Description
Global	9/22/2008	Section added: Deactivation of Agency Mandatory Courses
Global	9/22/2008	Section added: Assignment Types for Federally Mandated Training
Scheduling	9/22/2008	Section added: Scheduled Offering, Calculating Per Participant Costs
Learning Management	9/22/2008	Updated section: Agency-wide Courses
System Administration	9/22/2008	Updated section: Granting Discipline Administrator Access
Appendix H	9/22/2008	Section Added: Learner Reference Code Values (formerly Addendum)

## Introduction

The implementation of NASA's e-Training Learning Management System (LMS), SATERN – the System for Administration, Training, and Educational Resources for NASA, changes current training business processes, as well as systems that are used for training registration, enrollment and delivery. It is expected to improve Agency services and save taxpayer dollars, reduce redundancies through the consolidation of multiple learning systems, contribute to improved consistency and efficiency in training operations, and support the development of NASA employees.

This document identifies areas where system functionality cannot enforce the Agency-defined usage of the system and provides guidance to enable compliance with Agency-defined methods and procedures. It is the result of the SATERN Business Rules sub-team, comprised of Discipline and Center Representatives, whose job it is to document agreed upon business rules for the SATERN LMS rollout. This Guidebook contains the rules that the sub-team recommended and the Transition Team endorsed. It is a living document that will adjust to the changing needs of NASA.

## Setting the Context

The SATERN e-Training effort is one of the President's Management Council approved e-Government initiatives, supporting the President's Management Agenda (PMA), for improving the Government's responsiveness to citizens and efficiency of operations. The vision of the initiative is to create a premier e-training environment that supports the development of the NASA workforce through simplified and one-stop access to high quality training products and processes to support learning and development.

Through the implementation of a centralized LMS, the training community within NASA will have new tools, functionality and capabilities for training administration and delivery. Three legacy systems will be transitioned to the e-Training LMS:

- AdminSTAR—training administration system used by all Center training offices
- NORS—(NASA Online Registration System) allows students to register online for courses and is integrated with AdminSTAR, but only used currently at MSFC and KSC
- SOLAR—(Site for Online Learning and Resources) offers online custom content courseware system used throughout NASA

Learners have desktop access to training information and courses. For the e-Training transition, NASA selected the Plateau Learning Management System software, a comprehensive system which enables process standardization and provides timely, up-to-date information. Centers are able to identify training requirements, deploy learning and track its completion. The Plateau system also allows for tracking of certifications, assessment of competencies, online enrollment and testing, course catalogs and facility management.

## Version 1.6

This is a replacement of, not a supplement to, all previous versions of the *SATERN Rules and Process Guide for Administrators*.

## LMS Implementation Phases

The LMS will be implemented in several phases. The focus in Phases I & II was to configure and launch the system, replace legacy systems (SOLAR, NORS, and AdminSTAR), and provide functionality to support Online and Classroom courses, Training Record Keeping, e-learning Delivery and Management and Enrollment & Scheduling Management. Additional features and functionality such as competency management and individual development planning will be configured in later phases as depicted in Figure 1.

PHASE I & II	PHASES III
<ul style="list-style-type: none"><li>- Online and Classroom Courses<ul style="list-style-type: none"><li>o Training Record Keeping</li><li>o e-Learning Delivery and Mgmt</li><li>o Enrollment and Scheduling</li><li>o External Training</li><li>o Curricula and Certification</li></ul></li><li>- Online Registration – NORS Centers (Optional for other Centers)</li><li>- FPPS Interface</li><li>- Training History</li><li>- Training Evaluation – surveys</li><li>- Migration of Items and custom content</li><li>- Archiving of Data</li><li>- Discontinue use of Legacy Systems</li></ul>	<ul style="list-style-type: none"><li>- Library Management</li><li>- Competency Management</li><li>- Individual Development Planning</li><li>- Vendor Courses</li><li>- Center Certification Systems</li></ul>

**Figure 1:** LMS Implementation Phases

## Business Rules Defined

A business rule is defined as guidance that there is an obligation concerning conduct, action, practice or procedure within a particular activity. Business rules are used to govern activity outside the system and / or describe standard Agency practice when using the system.

Rules are important because the NASA SATERN Administrative community is self-governing and ultimately, the efficiency and integrity of SATERN is the responsibility of Center and Discipline SATERN Administrators.

## How to Use this Document

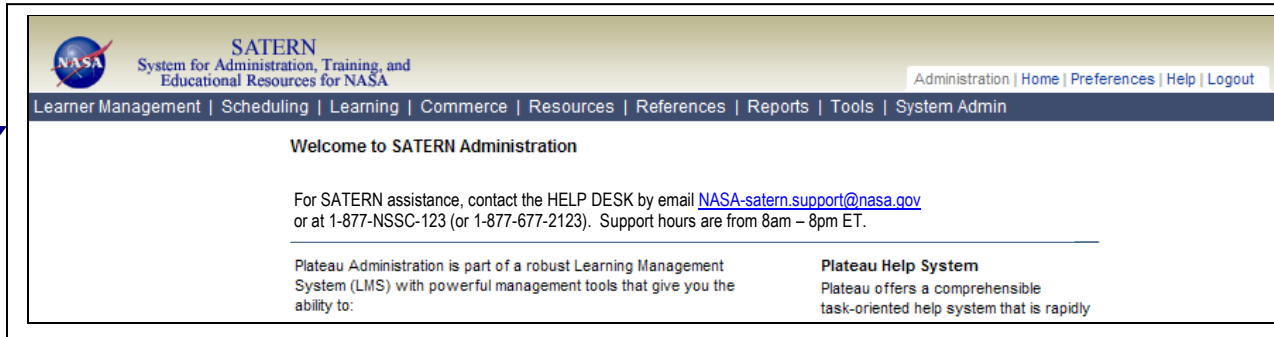

The Process Guidebook is meant as a reference that enables SATERN Administrators to understand and easily identify specific guidance that is required by NASA. The document is arranged by functional subject area, based on the structure in SATERN. Administrators can refer to the table of contents, the list of rules in each section or to the index at the end to easily find the information or topics. Process flows and screen shots are provided where applicable to describe functionality. This document is not a training guide. It is assumed that Administrators using this guidebook have been trained on SATERN, are familiar with current Center processes, and are comfortable performing the functions in the system for which they are authorized.

## SATERN Business Rules and Process Guidance

With the exception of the Global section below which applies to the entire system, the sections of the document follow the **top navigation** found in SATERN so Administrators can refer to the guidebook alongside the application, as needed.

Each **situation** is followed by the NASA **Business Rule, Process or Guidance**.

### Global

Global rules for SATERN apply to the system as a whole.

#### NASA Official Use Only

**Situation:** NASA systems are for the official use of NASA employees and contractors. SATERN is the Agency system to record and manage NASA Training and Development events. While some training events could be considered important to a Learner, it is important that the system is used for official use only.

**Rule:** Record only training events that were paid for by NASA or were attended during NASA working hours.

#### Data Entry and Data Consistency

**Situation:** SATERN does not fully enforce data consistency in free-form fields; other fields use drop-down reference tables where only pre-defined choices are allowed. Ensuring that NASA data is clean and consistent has many benefits: Learners see an interface that is uniform and easily readable and reports contain clean and complete data. Administrators must take responsibility for adhering to detailed data entry rules.

**Rule:** Administrators shall use the following naming conventions when entering data:

1. IDs (except User-ID) can consist of letters and numbers and shall be entered in upper case with dashes where spaces would be (e.g. ARC-SAFETY). All domain specific IDs shall be prefixed with the Center's or Discipline's acronym (i.e., GRC-, JSC-, KSC-, ITS-, SMA-, HQ-, AG-, etc). If there is a need to have additional

spaces in the ID, only dashes should be used (e.g. ARC-SAFETY-FIRE).

- a. Catalog ID
  - b. Content Package ID
  - c. Content Object ID
  - d. Curriculum ID
  - e. Domain ID
  - f. Equipment ID
  - g. Exam ID
  - h. Item ID
  - i. Location ID
  - j. Objective ID
  - k. Question ID
  - l. Process ID
  - m. Survey ID
  - n. Facility ID
  - o. Material ID
  - p. Assignment Profile ID
  - q. Document ID
  - r. Instructor ID
  - s. Class ID
  - t. Community ID
2. Learner profile data shall be entered in upper case letters.
3. The following data shall be entered using all upper case letters:
  - a. Course Titles
  - b. User Defined Fields (custom fields)
  - c. Learner and Instructor Names and Titles
4. When setting up facilities and locations, use upper case with dashes in the following format: CENTER-FACILITY-LOCATION. Facility means building and Location means room number. (Example: GRC-B15-R101).
5. All Descriptions shall be entered using a combination of upper and lower case letters.

### External Course Coding

**Situation:** Center prefixes for External Training (Academic and Non-Academic External Training) items create a large data entry effort with little additional reporting benefit. The Center prefix in the coding format for External Training will thus be replaced with the prefix **EX**. Academic Courses will add the identifier **AC** to represent Academic Course prior to the Course Number or Catalog ID.

Rule:

- **Academic** External Course IDs will follow this coding structure:

**External Course Identifier (EX)-Academic Course Identifier (AC)-Vendor Acronym-University Course Number or Catalog ID**

*Example of Academic Course ITEM ID:*

Course title: Urban and Regional Planning held at the University of Maryland

Catalog ID: URSP662

**SATERN ITEM ID: EX-AC-UMD-URSP662**

- **Non-Academic** External Course IDs will follow this coding structure:

**External Course Identifier (EX)-Vendor Acronym-Vendor Course Number or Catalog ID**

*Example of Non-Academic Course ITEM ID:*

Course title: Basic Staffing and Placement held at the Graduate School, USDA

Catalog ID: STAF7000D

**SATERN ITEM ID: EX-GSUSDA-STAF7000D**

## NOTES:

1. Vendor Acronyms for academic institutions will be the generally accepted list currently used in the Training Offices. Vendor acronyms for companies or other non-academic institutions will be derived by using the first letter of each word in the company name.

2. Where no Course Number or Catalog ID exists, use the first letter of each word in the Item Title.

For reports on non-academic training activities, Administrators can use the SOURCE ID and ACADEMIC CREDIT CODE fields to generate the records they need.

## Deactivation of Agency Mandatory Courses

**Situation:** Agency mandatory courses (e.g., *No Fear*) are often automatically assigned to new hires by Centers. If a course is deactivated, learners are unable to access the course.

Therefore, the following business rule ensures that Center Administrators receive a communication before the course is deactivated.

**Rule:** When a course owner decides to inactivate an Agency mandatory online course within SATERN, the following process must be followed, unless a deviation is agreed upon by the SATERN Executive Committee (EC) and course owner:

1. The course owner will notify the SATERN Course Development team (currently William Rydbom) and the NSSC (Steve Bliss).
2. The course owner will pick a deactivation date that will be no less than three (3) working days from the date of the communication to the parties listed in step four.

3. If the course owner wants a specific communication to be sent out, they will attach that communication to the message sent to the parties listed in step one.
4. The NSSC will send the communication to those within the Centers that they think need to know within 24 hours of receipt of the communication from the course owner. The course owner will notify any of their key stakeholders that they think need to know.

### Assignment Types for Federally Mandated Training

**Situation:** Without clear guidance to Content Owners and SATERN Administrators regarding when an item should be assigned an Assignment Type of mandatory, courses are incorrectly classified, leading learners to be misinformed of their training requirements.

**Rule:** The mandatory Assignment Type should be assigned only to courses that have been approved through the formal federally mandated training vetting process. Approved courses will have been vetted by the Office of Human Capital Management and the Office of General Council, and will meet the Office of Personnel Management definition for federally mandated training. No other courses should be labeled as mandatory. Once an approved course has been given an Assignment Type of mandatory, the SATERN Administrator should not override the Assignment Type without prior approval from the Content Owner.

### Mandatory Fields

There are two types of mandatory fields in SATERN. The first type is fields that are required for the software to work properly, for example, every Learner must have a Learner ID and a Domain. These fields are identified in the system with red asterisks so that Administrators are reminded to populate those fields.

The second type is fields that NASA has determined are required to achieve usability, data integrity and reporting needs. For example, the Transition Team determined that the Description field in the Item Record be made NASA-mandatory. This is an optional field in SATERN, but it should be made mandatory to ensure that Learners have a clear understanding of the resources that are available to them to make informed decisions.

NASA must comply with mandatory OPM requests for training information. In order to satisfy specific reporting requirements mandated by OPM, NASA will use Custom Fields, also referred to as Custom Columns, to capture NASA-specific information that would not otherwise be possible if the SATERN software were implemented without customization.

The SATERN Custom Fields were determined during the configuration sessions for Phase II. Filling in the Custom Fields is mandatory, based on the OPM requirements. The first 16 Custom Fields are required to comply with OPM mandates and the next five vary by Center.

**Situation:** NASA's compliance, usability, data integrity and reporting needs will not be met if Agency-wide guidelines are not established to provide a common understanding of entering data into SATERN. Administrators must have guidelines on which fields must be populated

and what constitutes acceptable entries.

**Rule:** Administrators shall populate the fields defined as NASA-mandatory fields and enter data outlined in the SATERN Data Definition Table of Acceptable Codes, when appropriate. (Note that the word ‘mandatory’ implies that the fields are highly recommended and important to NASA in many ways and administrators should do everything they can to ensure that the fields contain appropriate values.) Zero (0) and None are acceptable values.

Appendix B contains the SATERN Mandatory Fields. This section contains screenshots where the mandatory fields are identified on the screens where they are located in the system. This will aid understanding by providing context for the field.

Appendix C contains the SATERN Custom Field Data Definition Table that contains the Custom Field data elements, acceptable codes, descriptions and guidelines.

## Learner Management

Learner Management refers to recording and managing information that pertains to Learners, such as profiles and Learner history.

### Detailees

**Situation:** Detailees are employees on assignment away from their home Center who cannot view the catalog of the Center to which they are detailed. This is a special circumstance that requires definition.

**Rule:** Since detailees will only have access to their home Center’s catalog, they should work with the Training Administrator where they are detailed in order to find out about classes.

### Other Center Training

To maximize Civil Servant enrollment in onsite training, Centers frequently open their courses to employees at other Centers. In order to allow Learners to use the self-registration features in SATERN to request training at Centers other than their home Center, a specific process must be followed to allow Administrators to efficiently manage enrollment.

**Situation:** The detailed flow for the Other Center Training process is detailed in Appendix D. However, there are two rules that when used together, support the process for Other Center Training. The first is to make mandatory the use of a Center prefix for the Facility Description field.

**Rule:** Administrators shall add the Center prefix to all Center Facility Description fields.

The second is to use a four-step approval process that has been created specifically to address the Other Center Training scenario with the last step in the chain being the Host Center Training Office role.

**Rule:** Administrators shall use the four-step Supervisor / Training Coordinator / Training Office / Host Center Training Office Approval process whenever they wish to make a course available to Learners from other Centers.

## Contractor Policy

If approved to do so, Contractors are able to utilize SATERN to self-enroll in Scheduled Offerings given the following circumstances that enable Contractors to do so:

- There is a contractor sub-domain at each Center.
- Contractors will be able to launch online courses and enroll in onsite Scheduled Offerings according to their Center policy. [Note: System functionality allows Centers the flexibility to prioritize civil servants ahead of contractors using the waitlist.]
- Contractors will be given a unique USER-ID written as C-USER ID. As a result, Administrators that wish to control the enrollment of contractors may easily see the difference and take action accordingly.
- To ensure system integrity, the ability for approvers to see that a Learner is a contractor during the approval process (on the approval screen on the Learner side) is available.
- Existing active contractor records will come over as part of the normal data migration activities. New contractor accounts will go into a specially created 'New Account domain' so that they can self-register and Administrators can retain control of their domain assignment. Note: Certifications will continue to be tracked as before. However, contractor companies will not be able to see or manage certifications as before.

## *Special circumstance: IPAs*

**Situation:** There are a limited number of people working under the Inter-Governmental Personnel Act (IPAs) across the Agency. IPAs are contractors filling a civil servant role. Like other contractors, IPAs will be able to self-register for Scheduled Offerings. However, in their capacity as a civil servant equivalent, they should be given the same priority as civil servants for selected Scheduled Offerings.

**Rule:** IPAs should work closely with the training office to ensure the training office knows their status so that their role as a civil servant is taken into consideration when enrolling in Scheduled Offerings.

## *Reporting in the Contractor Domain*

Contractor Training Coordinators are company representatives that are responsible for the training of the contractors in their company. They are the first line of support for contractor employees and are frequently located in the Training Office at the Center.

Reporting on the Contractor domain at a Center was initially restricted to the Training Office. There was concern that a Contractor Training Coordinator could see the Training History of any contractor employee, including contractors from other firms, an advantage may be given to that company.

After further review, no conflicts of interest or union issues have been identified. The SATERN Core Team has therefore updated the Contractor policy to allow Contractor Training Coordinators to have reporting rights into the Center Contractor domain in order to comply with NASA reporting, certification or training requirements.

Contractor Training Coordinators that wish to have reporting rights in the Contractor domain at their Center should make their request to the Level 1 Administrator at their Center or call the SATERN Help Desk at NSSC at 1-877-NSSC-123.

## Contractor Process

Based on the policy statement above, each Domain contains a Contractor sub-domain as shown below (in the JSC Domain).

The screenshot shows the SATERN web application interface. The top navigation bar includes links for 'Administration', 'Home', 'Preferences', 'Help', and 'Logout'. Below this, a secondary bar lists 'Learner Management', 'Scheduling', 'Learning', 'Commerce', 'Resources', 'References', 'Reports', 'Tools', and 'System Admin'. The left sidebar contains a list of administrative functions under the 'Catalogs' section, including 'Cancellation Policies', 'Pricing Rules', 'Order Management', 'Purchasing Assistant', 'Unused Order Tickets', 'Financial Transaction Approval', 'Chargeback Adjustment', 'Catalog Price Change Assistant', and 'Master Inventory Price Change Assistant'. The main content area displays a table of domains with columns for 'ID', 'Description', 'Levels', 'Top Level Only', and 'Include Sub Domains'. The table lists various domains under the 'JSC' (Johnson Space Center) top level, including 'JSC-AA' through 'JSC-JA'. The 'JSC-Contractor' row is highlighted, and an arrow points to it from the left sidebar.

ID	Description	Levels	Top Level Only	Include Sub Domains
JSC	Johnson Space Center	1	<input type="checkbox"/>	<input checked="" type="checkbox"/>
JSC-AA	JSC-AA	2	<input type="checkbox"/>	
JSC-AB		2	<input type="checkbox"/>	
JSC-AC		2	<input type="checkbox"/>	
JSC-AD		2	<input type="checkbox"/>	
JSC-AE	JSC-AE	2	<input type="checkbox"/>	
JSC-AG		2	<input type="checkbox"/>	
JSC-AH		2	<input type="checkbox"/>	
JSC-AJ		2	<input type="checkbox"/>	
JSC-AL		2	<input type="checkbox"/>	
JSC-AP		2	<input type="checkbox"/>	
JSC-AT		2	<input type="checkbox"/>	
JSC-BA	JSC-BA	2	<input type="checkbox"/>	
JSC-CA	JSC-CA	2	<input type="checkbox"/>	
JSC-Contractor		2	<input type="checkbox"/>	
JSC-DA		2	<input type="checkbox"/>	
JSC-EA		2	<input type="checkbox"/>	
JSC-HA	JSC-HA	2	<input type="checkbox"/>	
JSC-IA	JSC-IA	2	<input type="checkbox"/>	
JSC-JA		2	<input type="checkbox"/>	

Contractor's access to Items and Scheduled Offerings is controlled through the creation of catalogs. Administrators that create catalogs can select the sub-domains of Learners that will have access to a catalog. If they wish to create a catalog exclusively for Contractors, they will select the Contractor sub-domain. Therefore, any Items or Scheduled Offerings that are placed in that catalog will only be accessible by Contractors. Or, an administrator can select the Level 1 domain, which will include all sub-domains under that top level domain (including Contractors). In this case, all Civil Servant and Contractor employees would have access to Items and Scheduled Offerings placed in this catalog.

When the Administrator places a Scheduled Offering in a catalog that is accessible to Contractors, he or she will select the two-step Supervisor/Training Coordinator approval

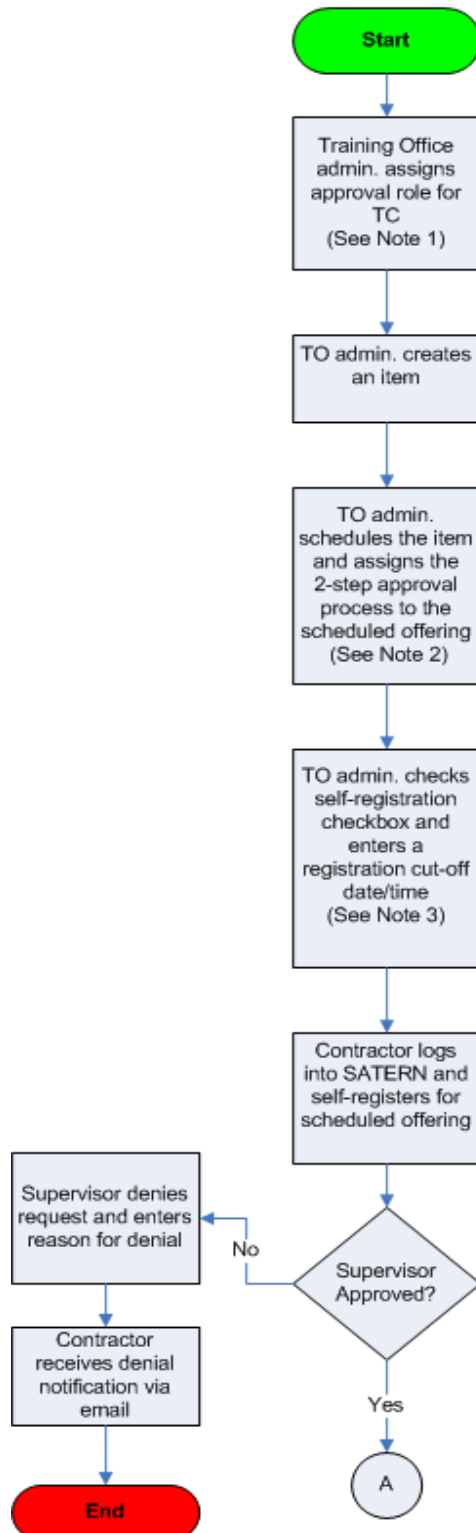

process. It is important to note that when the Training Office sets up the Training Coordinator (TC) role, they assign the control domain for Civil Servants. For Contractors, the Training Office should set up one Administrator as the TC for the Contractor sub-domain so that all requests come to that one person. That person will hold all those requests until the registration cutoff date. If there are seats available in the offering at that point, they will approve enough Contractors to fill the course and then waitlist the remaining Contractors (done from the Administrator side of the system).

**Account for Pending Civil Servants.** You do not want to give a spot to a Contractor if the Civil Servant is in the approval process but is not enrolled yet. When any Administrator looks at the registration tab, they should assume that the Civil Servant Learners with a status of Pending are going to get into the course and then calculate the number of Contractors to enroll to fill the course.

The process flowchart shown below describes the process. Screen shot number references in the flowchart refer to the screen shots located in Appendix E.

## Contractor Self-Registration 2-Step Super/TC

### Note 1:

- The TO admin. assigns the TC approval role to the organization TC's that will be doing approvals for civil servants. (See Screen Shot 1)
- The TO admin. assigns a control domain to the organization TC. The org. TC will only be able to approve training requests for civil servants within the specified control domain. (See Screen Shot 2)
- The TO admin. assigns the Contractor TC approval role to himself or a person in the Training Office. The TO admin. should select the Contractor sub-domain as the control domain. (See Screen Shot 3)

### Note 2:

- The admin. assigns a 2-step Super/TC approval process to the scheduled offering and checks the "Approval Required" checkbox. (See Screen Shot 10)
- The admin. places the scheduled offering into the center catalog so all learners within the sub-domains may self-register for it, including contractors. (See Screen Shot 6)

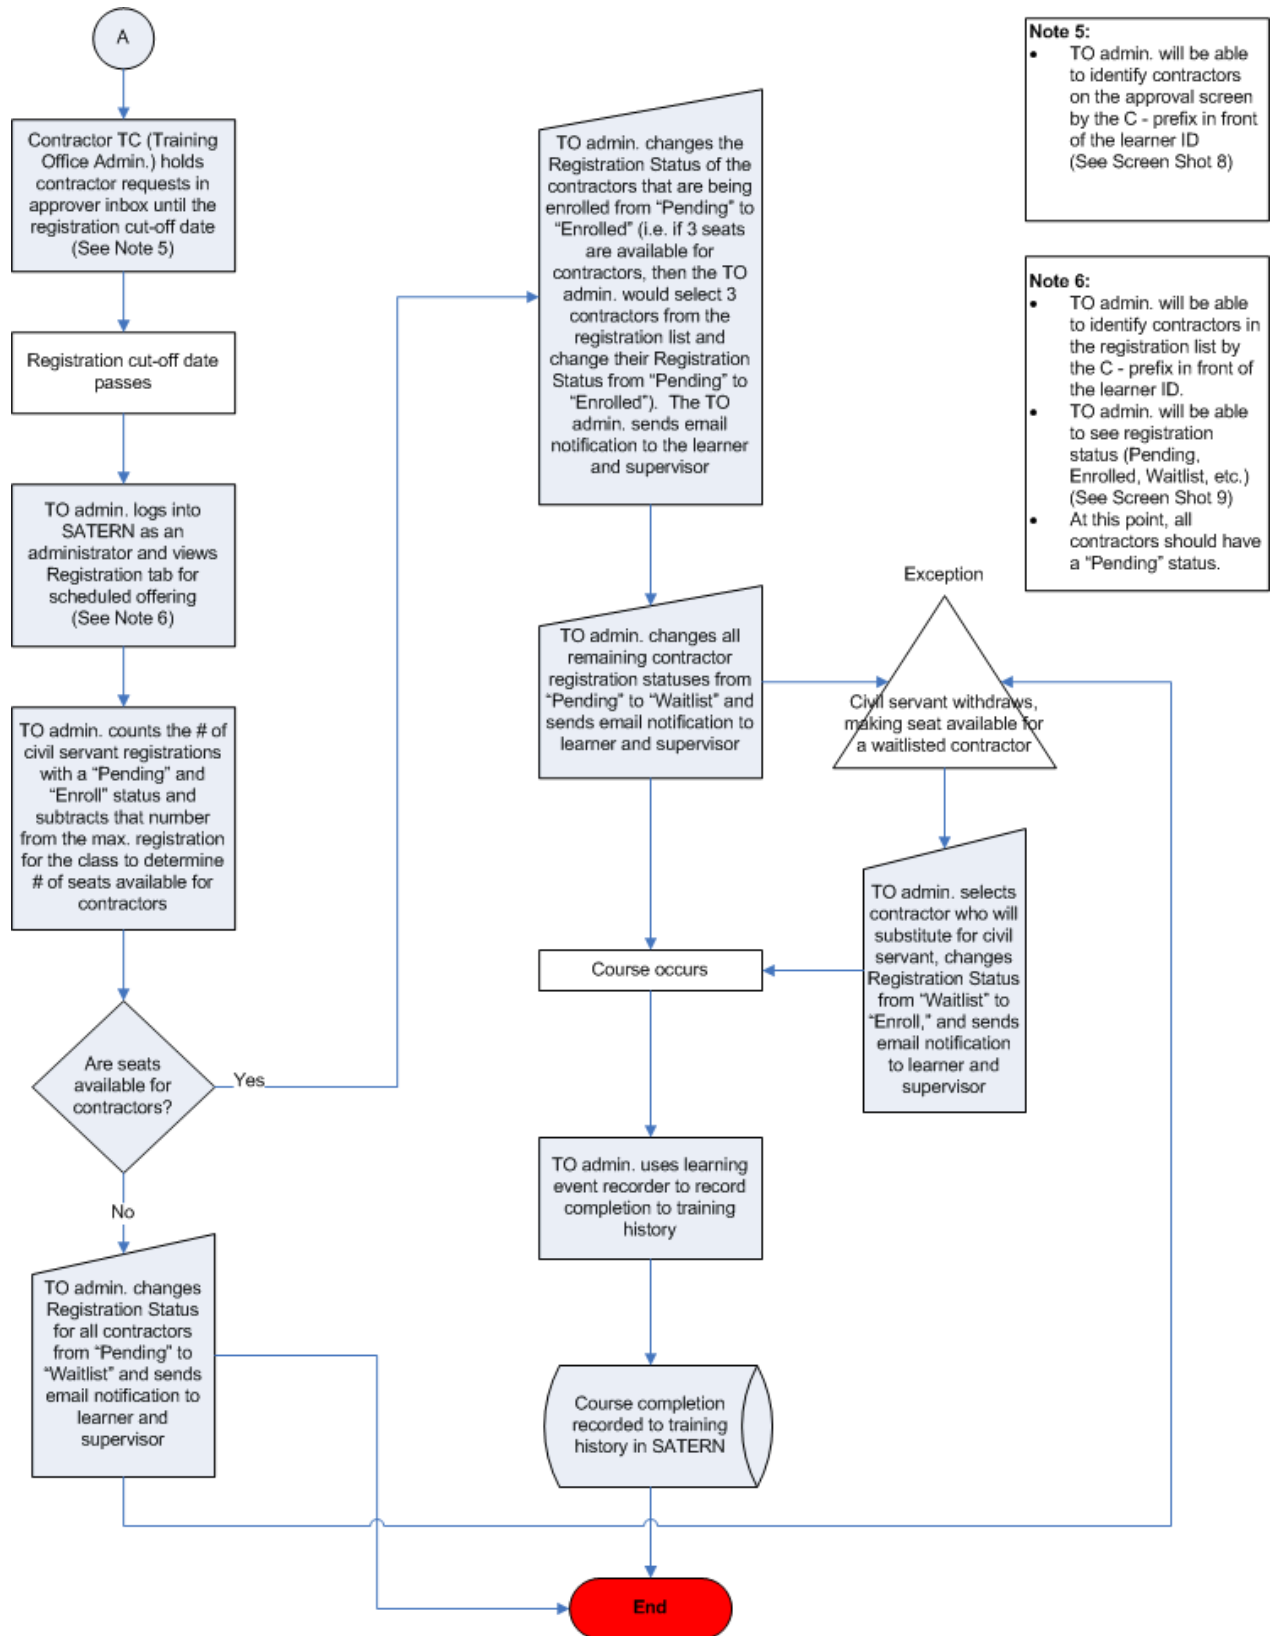

### Note 3:

- The self-registration checkbox and the registration cut-off date/time are located on the Registration tab of the Scheduled Offering. (See Screen Shot 7)

### Legend

-  SATERN Process
-  External Force/Process

An important part of the flow is the role of the Supervisor. In the Federal Government, the COTR has the responsibility for all Contractors working on contracts that he or she manages.

## Contractor Training Policy

**NASA Policy Directive 3410.2E Section 1.h.** reads: “Permit NASA contractor personnel to attend authorized and scheduled NASA training, provided that space is available and such attendance does not deny Government trainees the training. The training must be necessary for Government purposes. The authority for training of contractors is not in training law; it is in the authority to administer contracts. Contractors may only be trained in skills that they are not required to bring to the job. It may be permissible for NASA contractor employees to attend sessions under these guidelines without directly reimbursing the Agency if there is a benefit to the Agency or a governmental interest for such attendance.”

Only the COTR, the government’s responsible official, can determine whether sending the contractor to training for a billable hour, rather than working that billable hour, is the best use of NASA funds, a benefit to the Agency, or in the government’s interest.

Note that the SATERN Supervisor is only an Approval Role used to automate approvals during the self-registration process. SATERN is not the system of record for Supervisors.

**Rule:** All Contractors shall select their COTR as their Supervisor if they wish to self-register for onsite training at NASA. This can be updated in the Learner Profile as shown below.

The screen below shows the Learner Profile where a Learner may update his or her Supervisor. Contractors need only fill in their COTR in this field for the approval process to comply with NASA policy and work correctly in SATERN.

## Center-Unique Learner Domains

**Situation:** Domains are important structural entities in SATERN and must be managed very carefully. In certain special circumstances, a Center may need to create additional domains for learners to satisfy a particular business need. Given their importance and the fact that only the SATERN Technical Team at NSSC can create new domains, a process is needed for requesting Center-unique learner domains.

**Agency Process:** When requesting Center-unique learner domains, Centers will follow the process outlined below:

1. A Center representative makes the learner domain request to the SATERN Help Desk at 1-877-NSSC-123.
2. NSSC personnel at the SATERN Help Desk write up the request and forward it to the members of the Operational Working Group/SATERN Governance (currently Dennis Conrad and Dan Costello) who represent the Office of Human Capital Management.
3. If the Operational Working Group/SATERN Governance approves the request for a Center-unique learner domain, the NSSC SATERN Technical Team creates the new domain in SATERN and informs the Center when the work has been completed.
4. The requesting Center has the responsibility of manually moving learners from the current domain to the new domain and maintaining the data.

**Note:** Since the Center SATERN Administrators will have to manually keep the data up-to-date in the new domain, the Center Level 1 Administrator should make the request to the NSSC. Also, there are no naming convention restrictions for Center-unique learner domains. Some Centers use an Organization Code of Z-0000 for learners that have special characteristics. For example, GRC has decided to use GRC-ARMY for the Army personnel at GRC.

**Reorganizations:** Another type of domain request is when a Center has a reorganization that changes Organization codes for learners at that Center. It is important to inform the NSSC at 1-877-NSSC-123 as soon as possible prior to the reorganization so that SATERN is ready to accommodate any new learner information that may be coming in from the weekly FPPS data feed.

## Assignment Profiles

The Assignment Profile functionality provides a way to automate assigning Curricula to a group of Learners who share the same training needs. The Assignment Profile uses the common attributes of a group of Learners to assign Curricula. One useful way to group Learners at NASA is to assign training based on information contained in a Learner's Custom Fields. For example, if you wanted to push out training to all Supervisors, you can set up an Assignment Profile containing all Supervisors at a Center and assign a Curriculum to that group. In addition to being efficient, the group that you defined in the Assignment Profile is automatically updated as members of that group take on or lose a Supervisory role. SATERN will add or delete the Curriculum from the Learner's Learning Plan based on the code or codes you used when you set up the Assignment Profile.

**Situation:** It is desirable for NASA to utilize the Assignment Profile functionality, however, according to the Privacy Act of 1974, as amended, “disclosure of Agency records that contain individually identifiable information is prohibited.” The Act restricts an employee’s personal data to only those Administrators with a “need to know.” SATERN currently contains individually identifiable information but that data is restricted to Level 1 Regional Administrators only.

Normally, to add an Assignment Profile based on Learner custom column codes, Administrators would go to the Assignment Profile tab under Resources and follow the process: click “Add New”, search for and select a group of Learners. To comply with the Privacy Act of 1974, however, the search custom fields functionality has been turned off for all Administrators and thus even Level 1 Administrators may not search custom fields to identify or group Learners. As a result, an Agency process is needed to enable Administrators to utilize the Assignment Profiles functionality while ensuring compliance with the Privacy Act of 1974 provisions.

**Agency Process:** To enable Administrators to utilize SATERN’s Assignment Profile functionality in light of the Privacy Act of 1974 as amended, only SATERN Level 1 Regional Administrators will have the ability to preview the Learners that match the Assignment Profile. Level 1 Administrators can also use the Learner Reference Code Values table in the Appendix to select a group of Learners for use in Assignment Profiles where a referenced Learner attribute does not exist (i.e., NASA Class Code). The steps below contain SATERN screen shots that describe the process that can be used.

## Step 1: Add a new Assignment Profile

A. Under References, click Assignment Profiles (AP). Then “Add New”.

Edit the Assignment Profile according to the Tabs:

B. Add a Domain to the AP on the Domains Tab.

C. Add an Attribute or Attributes to specifically identify the group: Give the Group a number in the Group ID field and then select the Attribute (in our example, Supervisory Status) from the drop down box. Click Apply Changes.

D. Select “Values” for the Attribute, refer to the Learner Custom Fields Reference Code Values for code definitions, and add an attribute value. You can also click add one or more from list to view a list of values. Click Apply Changes.

**Note:** Some of the values for a given attribute are not contained in SATERN. Refer to the Learner Custom Fields Guide to Human Resources Reporting located in Appendix C. This document contains the allowable values for each Learner Custom Field. Level 1 Administrators can refer to this document when creating an assignment profile or for reporting on the Learner custom fields. Click “Return to the Main Attributes Page”.

### **Step 2:** Verify your Group of Learners

Scroll down and see the “Learner Tools” Section. Select “Assignment Profile Learner Preview” to preview the Learners matching your defined profile. (Note: Only Level 1 Administrators have access to the “Learner Preview” button.)

**Step 3:** Add a Course, Curriculum or Competency Profile to the Group you defined in the Assignment Profile:

Administrators add a curriculum to the Assignment Profile just as they would assign a curriculum to a Learner. The only difference is that they should click the “Propagate Assignment Profile...” button instead of assigning it to the Learner’s Learning Plan.

### **Learners Recording their own Learning**

**Guidance:** Any Item that is self-paced or outside SATERN that the Center wants to place in the catalog can be made available to Learners to record to their Learning History after completion. Examples would include On-the-Job Training (OJT), reading a book or document, or watching a video. To enable the ability for Learners to record their own learning, Administrators should be sure that Item is in a catalog and then check the box “Learners can record Learning Events for themselves.”

## Scheduling

Scheduling management is the process of creating Scheduled Offerings for Instructor-led Items or Activities.

### Learner No Show

**Situation:** There will be instances where a Learner does not show up for training. The Administrator needs to indicate this in SATERN since SATERN cannot know if the Learner attended the training.

**Rule:** If a Learner does not show up for training, administrators shall change the Learner's registration status from ENROLL to NO SHOW.

Change the Learner's registration status on the Registration tab of the Scheduled Offering prior to recording the learning event. This takes the Learner off the roster for the Scheduled Offering and does not record a training completion to the Learner's history.

### Segments for Academic Courses

**Situation:** Learners that enroll in and complete academic courses are typically granted 45 total hours credit for the semester. In SATERN, creating a 45-hour Item causes a confusing arrangement of dates and information on a Learner's Learning Plan. A process is needed so that Administrators can avoid confusion and still ensure that Learners get appropriate credit for the course in his/her Learning History.

**Best Practice:** When creating an Item for Academic courses, do not set up any segments in the Item record. When you schedule the offering of the Item, allow the system to create a default segment of 8 hours. Add an additional 8 hour segment. Within the first segment, enter the actual start date of the course in both the Start Date and End Date fields (this will ensure that the correct Start Date appears to the Learner on his/her Learning Plan). Within the second segment, enter the actual end date of the course in both the Start Date and End Date fields (this will ensure that the correct End Date appears to the Learner on his/her Learning Plan). When recording the learning event, change the Total Hours field to 45 hours.

This screen shows where you would enter the Start Date and End Date when scheduling the offering for the course.

The screenshot displays the SATERN System for Administration, Training, and Educational Resources for NASA. The interface includes a top navigation bar with links like Administration, Home, and Print. A left sidebar lists options such as Scheduled Offerings, Close Scheduled Offering, and Curriculum Scheduling. The main content area is titled 'Segments' and contains two forms for Segment 1 and Segment 2. Each segment form includes fields for Start Date, End Date, Start Time, End Time, Time Zone, Primary Instructor, Primary Location, and Segment Description. Red arrows point to the date and time fields in both segments. At the bottom, there are checkboxes for 'Send Notification' and 'Check Conflicts', and buttons for 'Apply Changes' and 'Reset'.

This screen shows where you update the Total Hours for the course in the Learning Event Recorder:

The screenshot shows the 'Learning Event Recorder' interface. A left sidebar lists options like Learners, Learning Event Editor, and Learning Event Recorder. The main content area is titled 'Learning Event Recorder' and includes a progress bar showing 'Step 1 > Step 2 > Step 3'. Below this, a section titled 'Step 3: Enter Learning Event Information' contains various fields for course details. A red arrow points to the 'Total Hours' field, which is currently set to 45. Other fields include Item, Item Title, Instructor, Training Vendor, Default Grade, Default Completion Status, Completion Date, Default Price, Credit Hours, Contact Hours, and CPE.

## Segment Offset

**Situation:** Course duration is written to history based on the segment time that is entered. For a full, eight-hour day, if Administrators do not exclude the lunch break, the break will be included in official course time recorded to the Learner's history.

**Rule:** When scheduling an eight-hour day, enter two four-hour blocks/segments with a half-hour for lunch so that only 8 hours is recorded. This is referred to as a 'segment offset'.

Though it is included in basic SATERN training, it is important to remember to schedule the offering using a 'segment offset' when scheduling an eight-hour day.

## Resolve Resource Conflicts Outside the System

**Situation:** Error messages prevent conflicts in the system and assist the work of the Administrator, but SATERN does not have the functionality to resolve the conflict within the system. Since Centers use differing methods for scheduling resources Agency guidance is required.

**Rule:** While SATERN will provide an error message if instructors or locations are double-booked, Administrators shall ensure the availability of resources outside the system prior to scheduling them in SATERN.

## Scheduled Offering, Calculating Per Participant Cost

**Rule:** When calculating per participant costs for courses, Center and Discipline Administrators should account for training costs associated with all attendees, including civil servants and contractors.

For example, if a course costs \$100, and eight (8) civil servants and two (2) contractors attend, the per-participant cost would be \$10. Note that if a contractor is charged separately for the course, then the cost for that contractor would be zero (0) and the total cost of the course would be divided among the remaining participants.

**Situation:** If a vendor is charged separately, the administrator should "zero out" the cost to them. In this situation, the administrator maintains the original amount. Using the same example as above (total cost \$100, eight civil servants, two contractors, but one contractor pays for the class), the administrator shows \$11.11 for nine attendees and \$0 for the one contractor.

## Scheduled Offerings for NASA Safety Training Center (NSTC)

**Situation:** NSTC Items have been created and placed in the SMA domain. All NSTC Items have been given an Item ID that begins with SMA-SAFE-NSTC- followed by a number. To prevent duplication of Items and to ensure accurate reporting on completion of NSTC Items, two rules must be followed:

**Rule:** Administrators should not create their own NSTC Items and place them in their Center's domain.

**Rule:** Administrators should schedule the NSTC Items that are in the SMA domain and should place those Scheduled Offerings in the SMA domain.

**Situation:** To maximize enrollment into NSTC offerings, all NSTC Items and Scheduled Offerings appear in the NASA catalog. In cases where NSTC offerings enable self-registration, Learners must know the Center at which the offering is taking place when they are viewing the offering in the catalog.

**Rule:** Administrators shall add the Center prefix to all Center Facility Description fields. This rule is also cited in the business rules for **Other Center Training**.

**Situation:** SATERN is able to check for conflicts when assigning Instructors to a Scheduled Offering. In order for this process to work, Centers must ensure that they are scheduling the Instructors that have been created for the NSTC Items.

**Rule:** When Centers are assigning Instructors to an NSTC Scheduled Offering, assign the Instructors that have been created and placed in the SMA domain. All NSTC Instructors have the “SMA-NSTC” prefix in front of their Instructor ID.

**Situation:** The NSTC at Johnson Space Center is responsible for managing the shipment of course materials to all of the Centers. In order to help them gauge the number of materials to reproduce or order and to ship the appropriate number of materials to the Centers, they must have adequate lead time.

**Rule:** When entering a Registration Cut-off Date for an NSTC Scheduled Offering, the registration cut-off date must be at least 30 days from the Start Date of the offering.

## Learning Management

Learning Management refers to the creation of content and courses in the system. In the past, Centers could use some fields to capture Center-only information. It is important to reiterate that the implementation of SATERN is at the Agency-level and thus all Centers must enter information the same way.

### Domain Location for Items

**Situation:** With regard to adding Items to SATERN, an Administrator will not know whether to place the Item in the Center domain, the NASA domain or in the Discipline Domain.

**Rule:** Agency discipline Items will be placed in the Discipline Domain and then added to a catalog when appropriate. When a Center has created or owns Center-specific training Items, those Items will be placed in the Center Domain, regardless of their relationship to discipline subject areas.

### Custom Columns Data Entry

**Background:** NASA will use Custom Columns, also referred to as Custom Fields, to capture NASA-specific information that would not otherwise be possible if the SATERN software were implemented out of the box.

Filling in the Custom Columns is mandatory. The first 16 custom columns are required by NASA to satisfy specific reporting requirements mandated by OPM. The next five are required for NASA use and vary by Center.

The Custom Columns are shown below as they appear in the system:

Curricula
Competencies
Custom Fields
Requests
Rqst Reasons
Substitutes

Summary
Design Data
Delivery Data
Prerequisites
Documents
Tasks

Edit the Custom Fields for the Item

Apply Changes
Reset

Column Number	Label		Value
1	On Duty Hours		<input type="text"/>
2	Off Duty Hours		<input type="text"/>
3	Purpose of Training		<input type="text"/>
4	Type of Training		<input type="text"/>
5	Type of Training Sub-Code		<input type="text"/>
6	Source of Training		<input type="text"/>
7	Special Interest Code		<input type="text"/>
8	Academic Credit Code		<input type="text"/>
9	Training Credit Type Code		<input type="text"/>
10	Direct Cost Code		<input type="text"/>
11	Per Participant Cost		<input type="text"/>
12	Books & Materials Cost		<input type="text"/>
13	Other Direct Cost		<input type="text"/>
14	Indirect Cost Code		<input type="text"/>
15	Travel		<input type="text"/>
16	Per Diem		<input type="text"/>

**Situation:** With regard to filling in the mandatory custom column information, Administrators have two places where they can fill in this information: at the Item-level or at the Scheduled Offering level. Filling in the information at both levels would be inefficient because the information is redundant. In addition, there is no need to fill in the custom fields in the Scheduled Offering because they are copied from the Item when the Scheduled Offering is added.

**Rule:** The custom columns are mandatory fields and must be filled in at the Item level.

Therefore, administrators shall:

- Enter the custom column information at the **Item** level for all Items.
- Edit the Scheduled Offering custom columns that typically vary per Scheduled Offering (i.e. Per Participant Cost).
- When entering the data, leave any free-form fields blank where you would enter a zero (0).

### ON-DUTY and OFF-DUTY HOURS Field

**Situation:** As a free-form text field, the ON-DUTY / OFF-DUTY HOURS fields in the Custom Field list require standard Agency usage:

**Rule:** Since the ON- OFF-DUTY HOURS field is a free-form field, administrators shall enter to the quarter-hour (.25 hour). (Examples: 1.25 hours or 1.75 hours.)

### SOURCE ID Field

**Situation:** Reporting on external or internal training activity is enhanced by using the SOURCE ID field in the Item Record.

**Rule:** Select INTERNAL for on-site training and EXTERNAL as the SOURCE ID for all off-site/external training.

The definitions for INTERNAL and EXTERNAL follow:

**INTERNAL** – On-site training coordinated by the Training Organization or Discipline for multiple employees, which may or may not include any cost. All NASA-sponsored web-based training (e.g., SkillsSoft) is considered INTERNAL.

**EXTERNAL** – Off-site training – External Training provided to individuals or groups such as conferences, seminars, academic classes, etc. Usually requires the submission of a NF-1735.

### Agency-wide Courses

**Situation:** Assigning courses to a Learner's learning plan is new functionality in SATERN. There is currently no Agency policy on who may put Agency-wide mandatory courses on the Learner's learning plan. The concern is that it could be overwhelming to the Learner if there is no policy that determines who is allowed to push training.

**Rule:** SATERN Administrators in the Training Office are responsible for assigning mandatory Agency-wide training within SATERN. Administrators shall assign approved federally mandated training by adding the course directly to the learning plans of the impacted audiences or by assigning via curriculum. When mandatory training limited to selected audiences (i.e., not Agency-wide) is required, Disciplines will have the ability to push courses to that audience without the prior approval of the Training Offices.

### Substitutes for Agency-wide Courses

**Situation:** SATERN allows Administrators to create substitute relationships with existing courses thereby granting credit for both courses to Learners. Since SATERN provides Agency-level reporting for Agency-wide courses, guidance is needed to ensure that the reports are accurate. In the past, Centers were not required to notify course owners when they allowed their Center's course to provide substitute credit for an Agency-wide course.

**Rule:** Administrators must request approval for any desired substitutions with the course owner. The Course Owner is the person listed in the Item Record **Contact Email** field and is the person whom Centers should contact to apply for substitute status. (Course Owners know to whom in the Discipline leadership to take the request.)

After verifying approval for a substitute course, the Course Owner will add the substitute to the Agency-wide course. The Course Owner will notify the requesting Administrator whether the substitute has been approved and if so, when it was created within the system. It is important to note that Learners will get two items written to history with a substitute, so Reporters will have to learn how to run reports in a way that enables them to get an accurate count.

### Commerce

NASA has decided not to use the Commerce functionality available in SATERN. However, NASA will utilize the Catalogs functionality contained in the Commerce section of the Administrator User Interface. Catalogs are mentioned frequently throughout this document but with regard to the Commerce section of SATERN, there are no Business Rules currently defined.

### Resource Management

Resources are the objects, places, and people needed to provide training in an Instructor-led environment.

### Working with Instructors

**Situation:** Instructors will not have access to the system. Therefore, it is important that Administrators know to work closely with instructors.

**Rule:** Since instructors do not have access to the system, it is the responsibility of the Training Office Administrator to provide instructors with the information they need. (If necessary, administrators can send e-mail notifications to instructors, copy them on rosters as Learners are registered, and provide other details.)

## Domain for Instructors

**Situation:** Instructors are added to SATERN by Center Administrators in their domain. As a result, those instructors are only available to that Center. Guidance is required on how to create instructor records so that instructors are available to teach in any Center that required their services.

**Rule:** Instructors will be placed in the domain that uses their services, even though they will have multiple instructor IDs if they teach at more than one Center.

## References

There are no Business Rules currently defined for the References section of SATERN.

## Reports

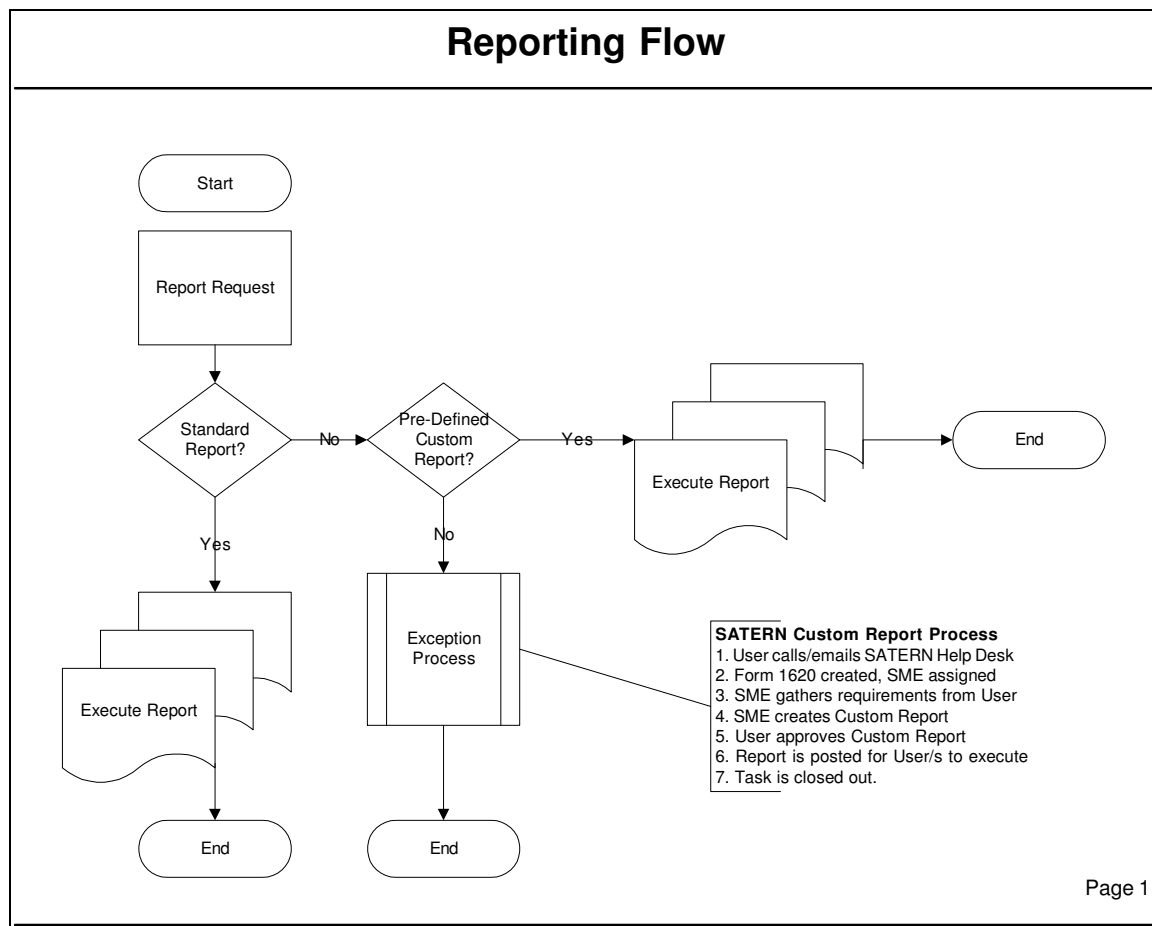

The Reports section of SATERN is shown below. Standard SATERN reporting functionality addresses many general, NASA-internal and management-related reporting needs. The left navigation displays the standard reports that are available grouped by category.

**Situation:** While the standard reports available in SATERN do provide for excellent and easy-to-use reporting on a variety of areas, the standard reports do not include the NASA custom column data and are therefore inadequate as a replacement for NASA current reporting capability.

**Agency Process:** To address identified Center reporting needs not covered by the *standard reports* available in SATERN, *pre-defined custom reports* (defined as reports that have been custom developed and are ready for use) will be available. For reporting needs beyond these, Administrators may invoke the *exception process* whereby custom reports can be developed as needed according to the *1620 process*, currently in use for SOLAR and AdminSTAR.

**Rule:** Administrators will use the SATERN Report Process diagrammed below:

**Note:** This section will be updated in the next version (1.7).

**Chart 1: SATERN Agency Report Process**

Since custom reporting can be achieved in SATERN and there are developers familiar with the schema and XML in-house as part of the SATERN Technical Team, custom report creation is available to NASA to meet its current and future reporting needs. The SATERN Technical Team will use BRIO in most cases to develop the reports, leveraging expertise developed for AdminSTAR.

The pre-defined custom reports on the following page are available (listed here by the tool in which they were historically accessed). The T40 reports in the first column are available in the T40 Reporting System 4.0 that is available to each Training Office. The BRIO reports are available in BRIO and are accessible by Level 1 Administrators. Both tools are available at <https://adminap2.nis.nasa.gov/nsw>. Contact the SATERN Help Desk at [NASA-SATERN.Support@nasa.gov](mailto:NASA-SATERN.Support@nasa.gov) for access to T40 and BRIO reports. The SOLAR reports are available in SATERN as custom reports.

AdminSTAR	BRIO	SOLAR	Special Reports
<ul style="list-style-type: none"> <li>▪ t40a – Permanent / Temporary Personnel / Minority Training Summary</li> <li>▪ t40b - Employees Trained - By NASA Class Code</li> <li>▪ t40c - Employees Trained - By NASA Pay Plan/Grade</li> <li>▪ t40d - Training Instances - By NASA Class Code</li> <li>▪ t40e - Training Instances - By NASA Pay Plan/Grade</li> <li>▪ t40f - Training Cost - By NASA Class Code Block</li> <li>▪ t40g - Training Hours - By NASA Class Code Block</li> </ul>	<ul style="list-style-type: none"> <li>▪ Training Hx by Learner</li> <li>▪ Agency Courses not completed</li> <li>▪ Agency History Extract Both</li> <li>▪ Training Hx by Org</li> <li>▪ Participant List by Course</li> <li>▪ Agency Part. ## Working with Certificates: Update the Name in the Signature field on the Certificate

Learners can print Certificates after satisfactorily completing an online course or an instructor-led course. Whomever's name is in the Instructor field in history is printed on the Certificate in the signature section. If no Instructor is specified, SATERN defaults to Melissa K. Riesco, the Agency Training Officer, as the Signature Text.

There are two ways to update whose name appears on a Certificate when an Administrator would like to have the Instructor's name printed on the Certificate in SATERN.

### 1. Reports > Learner Reports > Certificate of Completion

Administrators can print the Certificate as a report. Under Learner Reports, select Certificate of Completion. Since the Signature Text field defaults to Melissa K. Riesco, overtype this field with the name of the Instructor and print the Certificate for the Learner. This method only affects the printed Certificate and will not be saved to history.

The screenshot shows the SATERN web application interface. At the top, there is a navigation bar with links: Learner Management | Scheduling | Learning | Commerce | Resources | References | Reports |. Below this, a left-hand menu lists various report categories. Under 'Learner Reports', the 'Certificate of Completion' option is selected and highlighted. The main content area displays the 'Certificate of Completion' report configuration. It includes a title 'Certificate of Completion', an 'Edit Report' link, and a 'Run Certificate of Completion' section. This section contains several fields: 'Report Title' (set to 'Certificate of Comple'), 'Report Destination' (radio buttons for 'Browser' and 'Local File'), 'Report Format' (radio buttons for 'PDF' and another option), 'Signature Text' (a text box containing 'Melissa K. Riesco', which is circled in red), and 'Completion Date' (an empty text box).

### 2. Via the Learning Event Recorder

When recording the Learning Event, Administrators can enter the name of the Instructor and any other information that needs to be recorded to history. During Step 3 of the Learning Event Recorder, SATERN asks for an Instructor. If you specify an Instructor here, his or her name will be part of history and print on the Certificate. If you do not specify an Instructor here and leave the field blank, the name on the printed Certificate will default to Melissa K. Riesco.

<a href="#">Learner Management</a>   <a href="#">Scheduling</a>   <a href="#">Learning</a>   <a href="#">Commerce</a>   <a href="#">Resources</a>   <a href="#">References</a>   <a href="#">Reports</a>   <a href="#">Tools</a>													
<a href="#">Learners</a> <a href="#">Learning Event Editor</a> <b><a href="#">Learning Event Recorder</a></b> <a href="#">Competency Assessment Editor</a> <a href="#">Competency Assessment Recorder</a> <a href="#">Learner Needs Mgmt</a>	<h3>Learning Event Recorder</h3> <hr/> <p>&gt; <a href="#">Step 1</a> &gt; <a href="#">Step 2</a> &gt; <b>Step 3</b></p> <hr/> <h4>Step 3: Enter Learning Event Information</h4> <hr/> <p><i>* = Required Fields</i></p> <table><tr><td>Item:</td><td>COURSE <b>HQ-PHOTOVOLTAICS REFRESHER</b> (Rev 10/16/</td></tr><tr><td>Item Title:</td><td>PHOTOVOLTAICS REFRESHER COURSE</td></tr><tr><td>Instructor:</td><td><input type="text"/></td></tr><tr><td>Training Vendor:</td><td><input type="text"/></td></tr><tr><td>Default Grade:</td><td><input type="text"/></td></tr><tr><td>* Default Completion Status:</td><td><input type="text"/></td></tr></table>	Item:	COURSE <b>HQ-PHOTOVOLTAICS REFRESHER</b> (Rev 10/16/	Item Title:	PHOTOVOLTAICS REFRESHER COURSE	Instructor:	<input type="text"/>	Training Vendor:	<input type="text"/>	Default Grade:	<input type="text"/>	* Default Completion Status:	<input type="text"/>
Item:	COURSE <b>HQ-PHOTOVOLTAICS REFRESHER</b> (Rev 10/16/												
Item Title:	PHOTOVOLTAICS REFRESHER COURSE												
Instructor:	<input type="text"/>												
Training Vendor:	<input type="text"/>												
Default Grade:	<input type="text"/>												
* Default Completion Status:	<input type="text"/>												

### Working with Certificates: Printing with Internet Explorer

In order to get reports to run correctly, you need to have your pop up blocker turned off (or allow pop ups for <https://satern.nasa.gov>) and your Internet Options set correctly. If you cannot get reports to save to the local drive or have problems trying to run PDF reports, try the following:

1. Go to Tools in the Internet Explorer Browser
2. Click on Internet Options
3. Click on the Advanced tab
4. Scroll down to the HTTP 1.1 settings
5. Put a check in the box that says use HTTP 1.1 through proxy connections
6. Click on Apply
7. Click on OK

To save the report to the local drive, turn the pop-up blocker off and then make sure you turn it back on once you have saved the report.

### Tools

There are no Business Rules currently defined for the Tools section of SATERN.

## System Administration

### Approval Role Management

To enable self-registration in SATERN, Administrators populate Approval Roles that correspond to steps in an Approval Process that they wish to use. For any Item or Scheduled Offering, an Approval Process can be assigned so that Learners can self-register for the course by automatically starting the appropriate approvals that are needed for attendance.

Administrators can identify all the potential Approvers in as one certain role; which means that each potential Approver listed as that Role receives an email when that step in the Approval Process is reached. In practice however, receiving emails that are not for you can be annoying.

To enable additional flexibility for Administrators at the Centers that wish to more accurately identify the specific Approver/s that handle a certain course or type of course, the Approval Roles shown below were created. Now Center Training Offices can use 10 unique Training Office Specialist Roles for their staff, effectively eliminating approval requests that are not intended for them. The new Approval Roles are shown below:

Learner Management   Scheduling   Learning   Commerce   Resources   <u>References</u>																							
<ul style="list-style-type: none"> <li>Cost Names</li> <li>Assignment Profiles</li> <li>Approval Process</li> <li><b>Approval Roles</b></li> <li>IDP Templates</li> <li>Job Positions</li> <li>Documents</li> <li>Organizations</li> <li>Organization Groups</li> <li>Tasks</li> <li>+ General References</li> </ul>	<h3>Approval Roles</h3> <p>&gt; Search Results</p> <div> <input type="button" value="Search"/> <input type="button" value="Results"/> </div> <h4>View Approval Role Results</h4> <div> Records per Page <input type="button" value="All"/> </div> <table> <thead> <tr> <th>Approval Role ID</th><th>Description</th></tr> </thead> <tbody> <tr><td>TO-1</td><td>Training Office Specialist 1</td></tr> <tr><td>TO-10</td><td>Training Office Specialist 10</td></tr> <tr><td>TO-2</td><td>Training Office Specialist 2</td></tr> <tr><td>TO-3</td><td>Training Office Specialist 3</td></tr> <tr><td>TO-4</td><td>Training Office Specialist 4</td></tr> <tr><td>TO-5</td><td>Training Office Specialist 5</td></tr> <tr><td>TO-6</td><td>Training Office Specialist 6</td></tr> <tr><td>TO-7</td><td>Training Office Specialist 7</td></tr> <tr><td>TO-8</td><td>Training Office Specialist 8</td></tr> <tr><td>TO-9</td><td>Training Office Specialist 9</td></tr> </tbody> </table> <div> Records per Page <input type="button" value="All"/> </div>	Approval Role ID	Description	TO-1	Training Office Specialist 1	TO-10	Training Office Specialist 10	TO-2	Training Office Specialist 2	TO-3	Training Office Specialist 3	TO-4	Training Office Specialist 4	TO-5	Training Office Specialist 5	TO-6	Training Office Specialist 6	TO-7	Training Office Specialist 7	TO-8	Training Office Specialist 8	TO-9	Training Office Specialist 9
Approval Role ID	Description																						
TO-1	Training Office Specialist 1																						
TO-10	Training Office Specialist 10																						
TO-2	Training Office Specialist 2																						
TO-3	Training Office Specialist 3																						
TO-4	Training Office Specialist 4																						
TO-5	Training Office Specialist 5																						
TO-6	Training Office Specialist 6																						
TO-7	Training Office Specialist 7																						
TO-8	Training Office Specialist 8																						
TO-9	Training Office Specialist 9																						

As an example, if a Center uses the two-step Approval Process: Supervisor/Training Office Specialist, any Learner that self-registers for the Item or Scheduled Offering triggers an email to anyone that had the Learner's domain restriction and the role of Training Office Specialist. Using the above listed Approval Roles means that you can identify exactly who the correct

person is (up to 10) that should be approving enrollments for that particular Item or Scheduled Offering.

Remember that using these Approval Roles will only work if you select the Approval Process that contains the desired Approval Role that you have pre-populated. Also note that in addition to these new Approval Processes available to you, the previously defined Approval Processes are still available for use at your Center. The new Approval Processes are shown in the screenshot below.

Learner Management   Scheduling   Learning   Commerce   Resources   <u>References</u>   Reports

**Caution:** Administrators that wish to utilize these Approval Roles and corresponding Approval Processes should be sure to closely track who in the Training Office has which Approval Role Number to ensure that the Approval Process used is the correct one. Confusion and delay for Learners could result if a mistake occurs.

**Note:** If your Center would like to utilize other Approval Processes that are not currently defined in SATERN, you must call the Help Desk at 1-877-NSSC-123 to have those configured and created for use. As an example, if you have an Approval Process that incorporates two Approval Roles that aren't in a sequence that is currently defined in SATERN, the Help Desk

can create an Approval Process that will meet your business need. Keep in mind that Approval Roles and Approval Processes are available across the Agency, so be sure to check and see if your needs are met with the current configuration prior to calling the Help Desk.

### Granting Administrator Access

**Situation:** Level 1 Administrators were set up for each Center for Go Live. The Level 1 Administrator is the only role that may create Administrator accounts for other Administrators. Guidance is needed that defines who may create which roles and the process for creating other Level 1s at the Centers.

**Rule:** Level 1 Administrators may create lower level Administrator accounts for Administrators at their Centers but must notify the Program Office of the account that was created. If other Level 1 accounts are desired at a Center, Users must call the Help Desk with the request since any new Level 1 accounts must be approved by the Program Office.

### Granting Discipline Administrator Access

**Situation:** Given Privacy Act constraints and domain controls in SATERN, only the Help Desk can create Level 8 and Level 9 Discipline Administrators. Since the Help Desk can neither verify nor authorize Discipline Administrative accounts in SATERN, Discipline Owner must be responsible for those tasks.

**Rule:** Discipline Owners can authorize Discipline Administrator accounts in SATERN. Level 1 Administrators at the Center can also authorize and assign only the View Discipline Items role to their lower-level administrators at the Center.

**Process:** Anyone requesting full Discipline Administrator Access must make the request to the Discipline Owner. Once the Discipline Owner verifies and authorizes the account, he or she will send an email to the SATERN Help Desk ([NASA-SATERN.support@nasa.gov](mailto:NASA-SATERN.support@nasa.gov)) requesting that the account be created. For those individuals that request an Administrator account directly from the Help Desk, he or she will be directed to the appropriate Discipline Owner for action.

For those requesting the View Discipline Items role to search and view items, contact your Center Level 1 Administrator.

## Support

As the SATERN Administrator community continues to work in SATERN, hold training courses, review business processes, and evaluate the system, there will be situations where a need for a business rule is identified. If you would like a situation considered by the Operational Working Group or have functional issues or concerns, please contact Dennis Conrad at [Dennis.C.Conrad@nasa.gov](mailto:Dennis.C.Conrad@nasa.gov).

For technical support, Administrators and Learners may call the SATERN Help Desk at 1-877-NSSC-123 (1-877-677-2123).

Administrators continue to have access to a SATERN training sandbox for self-paced exercises. The sandbox remains valuable because it allows Administrators to identify and

analyze changes to their business processes without making changes to the production system.

Also be sure to check out the SATERN Informational website at <https://saterninfo.nasa.gov> for more information for Learners, Supervisors and Administrators.

## Acknowledgements

The Business Rules Sub-team is grateful to the following people for dedicating themselves to ensuring that SATERN meets or exceeds NASA requirements: Chris Carlson, Cassandra Clark, Dennis Conrad, Dan Costello, Wil Harkins, Sean Hoover, Rebecca Lewis, Dan Mangieri, Gregory McHugh, Jason Nelson, Patricia Pahlavani, Natalie Pastorin, Yvette Robinson, Julia Williams, Marisa Wofford, and Steve Worley.

In addition to the Business Rules Sub-team, others participated in sub-teams that focused on major issues that affect SATERN including the Evaluation, Reporting, External Training, Library Management, Notifications and Contractor sub-teams. Thank you for your energy and efforts.

#### Section F - EMPLOYEE SERVICE AGREEMENT

##### EMPLOYEE'S AGREEMENT TO CONTINUE IN SERVICE

**NOTE:** This agreement must be signed by the nominee for all non-government training that exceeds 80 hours (or such other designated period, 80 hours or less, as prescribed by the agency) and for which the Government approves payment of training costs prior to the commencement of such training. Nothing contained in Section F below shall be construed as limiting the authority of an agency to waive, in whole or in part, an obligation of an employee to pay expenses incurred by the Government in connection with the training.

1. I AGREE that, upon completion of the Government-sponsored training described in this request, if I receive salary covering the training period, I will serve in the agency three times the length of the training period. If I receive no salary during the training period, I agree to service the agency for a period equal to the length of training, but in no case less than one month. (The length of part-time training is the number of hours spent in class or with the instructor. The length of full-time training is eight hours for each day of training, up to a maximum of 40 hours a week). NOTE: For the purposes of this agreement, the term "agency" refers to the employing organization (such as an Executive Department or independent establishment, not to a segment of such an organization).
2. If I voluntarily leave the agency before completing the period of service agreed to in item 1 above, I AGREE to reimburse the agency for the tuition and related fees, travel and other special expenses (EXCLUDING SALARY) paid in connection with my training. These amounts are reflected in items 24 and 25.
3. I FURTHER AGREE, that if I voluntarily leave the agency to enter the service of another Federal agency or other organization in any branch of the Government before completing the period of service agreed to in item 1 above, I will give my organization written notice of at least ten work days, during which time a determination concerning reimbursement will be made. If I fail to give this advance notice, I AGREE to pay the amount of additional expenses (5 U.S.C. 4109(a)(2)) incurred by the Government in this training.
4. I understand that any amounts which may be due the agency as a result of any failure on my part to meet the terms of this agreement may be withheld from any monies owned me by the Government, or may be recovered by such other methods as are approved by law.
5. I FURTHER AGREE to obtain approval from my organization training officer and that person responsible for authorizing non-government training requests of any proposed change in my approved training program involving course and schedule changes, withdrawals or incompletions, and increased costs.
6. I acknowledge that this agreement does not in any way commit the Government to continue my employment. I understand that, if there is a transfer of my service obligation to another Federal agency or other organization in any branch of the Government, the agreements in items 1, 2, and 3 of this section will remain in effect until I have completed my obligated service with that other agency or organization.

PERIOD OF OBLIGATED SERVICE  
(For non-government training only)

EMPLOYEE'S SIGNATURE

DATE

*"This information is subject to the Privacy Act of 1974, as amended. When not under the continuing control and supervision of a person authorized access to such information, it must be, as a minimum, maintained under locked conditions."*

## Appendix C: Acceptable Codes for Custom Fields

Data Element	Acceptable Codes	Description & Definition	Guidelines
On Hour	0 - 2080	Up to Four-digit number indicating the number of on-duty hours of a completed instance of time in excess of 8 hours per training reported to the quarter hour.	<p>In most cases, Saturdays and Sundays are considered off-duty hours.</p> <p>For academic classes, hours are computed by number of credit hours times the term.  Quarter Hour Term = 11 weeks  Semester Hour Term = 15 weeks</p> <p>If there are no direct or indirect costs involved, at least 1 hour <b>must</b> be reported in this field.</p>
Off Hour	0 - 999	Up to three digit number indicating the number of off-duty hours of a completed instance of training.	
Purpose of Training	01 - 06	<p>One Character numeric code.</p> <p>01 Mission/Program Change  02 New Work Assignment  03 Improve Present Performance  04 Future Staffing Needs  05 Develop Unavailable Skills  06 Retention</p>	EHRI Data Field
Type of Training		<p>Two character Numeric code</p> <p>Indicates training program area and emphasis of the training.</p> <p>01 <u>Training Program Area</u>  Functional or specialized training programs</p> <p>02 <u>Developmental Training Program Area</u>  Formal developmental/training programs</p> <p>03 <u>Basic Training Area</u>  Fundamental and/or required training programs</p>	<p>EHRI Data Element</p> <p>Refers to subject matter of training, <b>not the position of person trained.</b></p> <p>When using Code 01, Type of Training Sub-Code must be 01-19.</p> <p>When using Code 02, Type of Training Sub-Code must be 20-29</p> <p>When using Code 03, Type of Training - Code must be 30-39</p>

Data Element	Acceptable Codes	Description & Definition	Guidelines
Type of Training Sub-Code		Two character numeric code used in conjunction with the Type of Training code	EHRI Data Element
	01	Indicates principal subject matter and emphasis of the training  Legal  Education or training in the concepts, principles, theories, or techniques of law.	Refers to subject matter of training, <b>not the position of person trained.</b>  Can only be used with Type of Training code 01.
	02	Medical and Health  Education or training in the concepts, principles, theories, or techniques of medicine.	Can only be used with Type of Training code 01.
	03	Scientific  Education or training in the concepts, principles, theories, or techniques of disciplines such as the physical, biological, natural, social sciences; education; economics; mathematics; or statistics.	Can only be used with Type of Training code 01.
	04	Engineering and Architecture  Education or training in the concepts, principles, theories, or techniques of such as architecture and engineering.	Can only be used with Type of Training code 01.
	05	Human Resources  Education or training in the concepts, principles, theories of such fields as public administration; personnel; training; equal employment opportunity; human resources policy analysis; succession planning; performance management; classification; and staffing.	Can only be used with Type of Training code 01.
	06	Budget/Finance Business Administration  Education or training in the concepts, principles, theories of business administration, accounts payable and receivable; auditing and internal control; and cash management.	Can only be used with Type of Training code 01.

Data Element	Acceptable Codes	Description & Definition	Guidelines
Type of Training Sub-Code (Continued)	07	Planning and Analysis	Can only be used with Type of Training 01.
	08	<p>Education or training in the concepts, principles, theories of systems analysis; policy, program or management analysis; or planning, including strategic planning. Information Technology</p> <p>Education and training in the concepts and application of data and the processing thereof; i.e., the automatic acquisition, storage, manipulation (including transformation), management, system analysis, movement, control, display, switching, , transmission or reception of data, computer security and the development and use of the hardware, software, firmware, and procedures associated with this processing. This training type does not include any IT training on Agency proprietary system.</p>	Can only be used with Type of Training code 01.
	09	<p>Project Management</p> <p>Education and training in the concepts, principles, theories necessary to develop, modify, or enhance a product, service, or system which is constrained by the relationships among scope, resources, and time.</p>	Can only be used with Type of Training code 01.
	10	<p>Acquisition</p> <p>Education or training in the concepts, principles, theories or techniques related to the 1102 occupation.</p>	Can only be used with Type of Training code 01.
	11	<p>Logistic Specialty</p> <p>Training for professional skills of a specialized nature in the methods and techniques of such fields as supply, procurement, transportation, or air traffic control.</p>	Can only be used with Type of Training code 01.

Data Element	Acceptable Codes	Description & Definition	Guidelines
Type of Training Sub-Code (Continued)	12	Safety and Security  Training of a specialized nature in the methods and techniques of investigation, physical security, personal security, and police science.	Can only be used with Type of Training code 01.
	13	Clerical (Non-supervisory clerical/administrative)  Training in skills such as office management, typing, shorthand, computer operating, letter writing, telephone techniques, or word processing.	Can only be used with Type of Training Code 01
	14	Trade and Craft  Training in the knowledge, skills, and abilities needed in such fields as electronic equipment installation, maintenance, or repair; tool and die making; welding, and carpentry.	Can only be used with Type of Training code 01.
	15	Foreign Affairs  Training for professional skills of a specialized nature in the methods and techniques of such fields as foreign languages, foreign culture, diplomacy, strategic studies.	Can only be used with Type of Training code 01.
	16	Leadership/Manager/ Communications Courses  Training that address skill area such as Leadership/Management and Communication (i.e., written, oral and interpersonal) coursework.	Can only be used with Type of Training code 01.
	17	Reserved for future use	
	18	Reserved for future use	
	19	Reserved for future uses	
	20	Pre-supervisory Program  Development/training program for non-supervisors	Can only be used with Type of Training code 02.

Data Element	Acceptable Codes	Description & Definition	Guidelines
Type of Training Sub-Code (Continued)	21	<p>Supervisory Program</p> <p>Development/training program which provides education or training in supervisory and techniques in such subjects as personnel policies and practices (including equal employment opportunity, merit promotion, and labor relations); human behavior and motivation, communication processes in supervision, work planning, scheduling, and review; and performance evaluation for first line supervisors.</p>	Can only be used with Type of Training code 02.
	22	<p>Management Program</p> <p>Development/training program which provides mid management level education or training in the concepts, principles, and theories of such subject matters as public policy formulation and implementation, management principles and practices, quantitative approaches to management, or management planning organizing and controlling. (Supervisors of supervisors; GS-14/15 supervisors; GS-14/15 direct reports to SES)</p>	Can only be used with Type of Training code 02.
	23	<p>Leadership Development Program</p> <p>Formal developmental program that provide leadership training and development opportunities.</p>	Can only be used with Type of Training code 02.
	24	<p>SES Candidate Development</p> <p>OPM-approved program to prepare potential SES members</p>	Can only be used with Type of Training code 02.
	25	<p>Executive Development</p> <p>Continuing development for leaders above the GS-15 level</p>	Can only be used with Type of Training code 02.

Data Element	Acceptable Codes	Description & Definition	Guidelines
Type of Training Sub-Code (Continued)	26	<p>Mentoring Program</p> <p>Formal stand alone program with established goals, measured outcomes, access open to all who qualify, protégées and mentors paired to facilitate compatibility, training and support provided, company benefits directly.</p>	Can only be used with Type of Training code 02.
	27	<p>Coaching Program</p> <p>Formal stand alone which provides ongoing partnership with an employee and coach that helps employee produce desired results in professional lives.</p>	Can only be used with Type of training code 02.
	28	Reserved for future use	
	29	Reserved for future uses	
	30	<p>Employee Orientation</p> <p>Training of a general nature to provide an understanding of the organization and missions the Federal Government, or the employing Agency or activity, or a broad overview and understanding of matters of public policy.</p>	Can only be used with Type of Training code 03.
	31	<p>Adult Basic Education</p> <p>Education or training to provide basic completeness in such subjects as remedial reading, grammar, arithmetic, lip reading or Braille.</p>	Can only be used with Type of Training code 03.
	32	<p>Mandated Training</p> <p>Mandatory training for all employees Government wide. This includes training required by law and/or regulation; such as ethics, information system awareness, safety, or health.</p>	Can only be used with Type of Training code 03.
	33	<p>Work-life</p> <p>Training to promote worklife (e.g., health and wellness training, employee retirement/benefits training, etc).</p>	Can only be used with Type of Training code 03.

Data Element	Acceptable Codes	Description & Definition	Guidelines
Type of Training Sub-Code (Continued)	34	Soft Skills  Training involving development of employees' ability to relate to others (i.e., customer service, effective communication, dealing with difficult people, etc.).	Can only be used with Type of Training code 03.
	35	Agency Specific  Agency specific required training that is not addressed in Training Program Type 01. This training type does include IT training on Agency proprietary system.	Can only be used with Type of Training code 03.
	36-39	Reserved for future use	Can only be used with Type of Training code 03.
Source of Training		Two-digit alpha-numeric code used to indicate the source of the training.	
	01	Government - Internal  Training provided by a Federal department, Agency, or independent establishment for its own employees.	
	02	Government – External  Training provided by an inter-Agency training activity, or a Federal department, Agency, or independent establishment other than the one which currently employs the trainee.	
	03	Non-governmental  Sources include commercial or industrial concern, educational institutions, professional societies or associations, consultants or individuals who are not government employees, but are contracted to develop and/or provide training course or program.	

Data Element	Acceptable Codes	Description & Definition	Guidelines
Source of Training (Continued)	04	Government State/Local  Training provided by a State, county or municipal government except education provided by State-operated or other public educational institution which is reported as non-government	
	05	Foreign Governments and Organizations  Training provided by non United States entities which may or may not be outside the United States	
Special Interest Code		Two digit alpha-numeric code indicating whether training was part of a <u>Planned Action</u> in support of a "High Interest" program area.	Always 0A if no special program.
	0A	No Special Program	Training to advance potential of non-professionals.  Program for non- professionals to move into para-professional positions.  Program for non-professionals to move into professional positions.  Program for professionals to move into different professional fields.
	0E	Continuing Education Program (CEP)	
	0G	Growth Opportunity (GO)	
	0S	Special Training for Entry Professionals (STEP)	
	0X	Crossover	
	0Y	Other Upward Mobility Programs	
Academic Credit Code	01 - 05	Two digit numeric field indicating the type of academic training.	
	01	Undergraduate Academic Credit	
	02	Graduate Academic Credit	
	03	Continuing Education Credit	
	04	Post Graduate Credit	
	05	NA	

Data Element	Acceptable Codes	Description & Definition	Guidelines
Training Credit Type Code	01-03  01 02 03	Two digit numeric code indicating the credit type.  Semester Hours Quarter Hours Continuing Education Unit	Set to 03 if no other value is appropriate.
Direct Cost Code	  A B C D 0	One digit alpha-numeric field used to indicate if the direct cost of a course was an individual or contract course and whether it was funded by the Agency or installation.  Individual - funded by Center Individual - funded by Agency Contract - funded by Center Contract - funded by Agency No Direct Cost	      If there is no Tuition, Books & Materials, or Other Direct Costs, then On-duty hours must be at least 1.
Per-Participant Cost	Blank - 99,999	Tuition amount expended by the government for each completed training instance.	If field is left blank, then Direct Cost Code must be Zero.  Free text field. Do not enter \$ sign. Leave field blank if zero cost
Books and Materials Cost	Blank – 99,999	Amount for Books and Materials expended by the government for each completed training instance	Free text field. Do not enter \$ sign Leave field blank if zero cost
Other Direct Cost	Blank – 99,999	Any other direct costs not covered in Tuition, or Book and Materials	Free text field. Do not enter \$ sign.  Leave field blank if zero cost.
Indirect Cost Code	  A B 0	One digit alpha-numeric field used to indicate if the indirect cost (travel/per diem) related to a course was funded by the Agency or installation.  Individual - funded by Center Individual - Funded by Agency No Indirect Cost	

<b>Data Element</b>	<b>Acceptable Codes</b>	<b>Description &amp; Definition</b>	<b>Guidelines</b>
Travel	Blank – 99,999	Total Dollar amount expended by the government for travel expenses for each completed training instance.	
Per Diem	Blank – 99,999	Total Dollar amount expended by the government for per diem expenses for each completed training instance.	
PO Number	Blank or Free text	Purchase Order Number assigned to transaction	
Category Code	See Regional Administrator for acceptable codes	Alpha-numeric code used to further categorize Type of Training	Each Center has discretion on how to use this field
Sub Category Code	See Regional Administrator for acceptable codes	Alpha-numeric code used to used to further sub-categorize Category Code further	Each Center has discretion on how to use this field
Funding Organization	See Regional Administrator for acceptable codes	Four-digit numeric code to identify which Directorate is funding a course.	Each Center has discretion on how to use this field
POC (Point of Contact)	See Regional Administrator for acceptable codes	Up to four-digit alpha code used to identify the Training Office personnel responsible for the administration of the course or training application.	Each Center has discretion on how to use this field.

### List of Screen Shots

Screen Shot 1: Item Description

Screen Shot 2: Assigning the 4-Step Approval Process and Domain to the Scheduled Offering

Screen Shot 3: Self Registration and Registration Cut-off Date

Screen Shot 4: Inputting the Contact Info. for the Scheduled Offering

Screen Shot 5: Adding the Scheduled Offering to the NASA Catalog

Screen Shot 6: Assigning the HCTO Approval Role with NASA Control Domain

Screen Shot 7: Learner's View of Scheduled Offering in Catalog

Screen Shot 8: Approver's View of Scheduled Offering Details

### Screen Shot 1: Item Description

The screenshot shows the SATERN web application interface within a Microsoft Internet Explorer browser window. The address bar displays the URL: <http://128.121.42.14/elms/pwa/authenticate.do>. The page title is "Plateau Administration - Microsoft Internet Explorer".

The SATERN logo and name are at the top left, with the tagline "System for Administration Training and Education Resources for NASA". Navigation links include "Administration", "Home", "Preferences", "Help", and "Logout". A menu bar contains "Learner Management", "Scheduling", "Learning", "Commerce", "Resources", "References", "Reports", "Tools", and "System Admin".

The "Learning" section is active, showing a list of items on the left: Curricula, **Items**, Competency Profiles, Competencies, Content Packages, Assessment Surveys, Assessment Processes, Objectives, Questions, Communities, Content Objects, and Exam and Survey Objects.

The main content area displays the "Item Description" form. It includes several checkboxes for settings:
 

- Safety Related: ☐
- Approved: ☐
- Active: ☒
- Auto Fill Registration: ☐
- Do Auto Competency: ☐
- Learner can record Learning Events for themselves: ☐
- Supervisors can record Learning Events for subordinates: ☐

Below these are input fields for:
 

- Create Date: (MM/DD/YYYY) with a calendar icon and the value 1/24/2006.
- Registration Threshold Days: (1000,001) with an empty input field.
- Description: A text area containing the text: "This course is open to multiple NASA Centers. Your registration status will be 'Pending' until your Center's training office and the host center training office approve your request."
- Comments: An empty text area.
- Instructor Materials: An empty text area.
- Learner Materials: An empty text area.

The Windows taskbar at the bottom shows the Start button, several application icons, and the system clock displaying 1:34 PM on 1/24/2006.

The screenshot shows the SATERN System for Administration Training and Education Resources for NASA. The page is titled "Scheduling" and contains a form for editing a scheduled offering. The form includes fields for Group Instance, Domain, Facility, Time Zone, Approval Process ID, and Contact information. Annotations highlight the "Approval Required" checkbox and the "Approval Process ID" field.

**Annotations:**

- Check "Approval Required"**: Points to the "Approval Required" checkbox, which is checked.
- Assign the host Center's domain.**: Points to the "Domain" field, which contains "JSC".
- Assign a 4-step Super/TC/TO/HCTO approval process.**: Points to the "Approval Process ID" field, which contains "4STEP SUPER/TC/TO".

**Form Fields:**

- Group Instance: [Empty]
- Domain: JSC
- Facility: JSC-BLDG12
- Time Zone: CST
- Approval Process ID: 4STEP SUPER/TC/TO
- Approval Required: ☒
- Contact: JASON NELSON
- Email: JASON.R.NELSON1@JSC.NASA.GOV
- Phone: 281-244-0118
- Fax: 281-483-3789
- Active: ☒
- Auto Fill Registration: ☐
- Comments: [Empty text area]

## Approvals - Other Center Training 4-Step SUPER/TC/TO/HCTO

Scenario: A scheduled offering, being hosted by JSC, is open to all NASA centers. A learner from GSFC wants to enroll in the class.

### Note 1:

- JSC TO admin. includes statement in item description. (See Screen Shot 1)
- JSC TO admin. assigns the host center domain (JSC) to the item and scheduled offering, assigns a 4-step Super/TC/TO/HCTO approval process to the scheduled offering, and checks the "Approval Required" checkbox. (See Screen Shot 2)
- JSC TO admin. checks "Self Registration" checkbox and inputs a registration cut-off date that is 10 days from the class start date. (See Screen Shot 3)
- JSC TO admin. inputs contact email, phone, and fax for the JSC Training Office contact coordinating the class. (See Screen Shot 4)
- JSC TO admin. adds item and scheduled offering to the NASA catalog. (See Screen Shot 5)
- JSC TO admin. assigns the HCTO approval role to him/herself or a person in the Training Office with a control domain of NASA (Include Sub-Domains). (See Screen Shot 6)

### Note 2:

- Learner will be able to see host center's Facility and Location when browsing the catalog. Facility Descriptions must contain the center prefix. (See Screen Shot 7)
- Approvers will be able to see the host Facility & Location, Contact Info., and Learner Comments. (See Screen Shot 8)

Pending Reviews and Approvals

This view shows you all of the review and approval actions you have been asked to perform. It is divided into two primary sections: reviews and approvals for performance management activities, such as competency assessments (only if available); and approvals for training requests. You may switch between sections by clicking on the appropriate section header. Within each section you will find a list of specific reviews or approvals you are being asked to perform, categorized by action type.

## Appendix F: Glossary

**Assignment Type** – identifies the Item priority on a Learner's Learning Plan. Examples: Optional, Required.

**Calendar Basis** – allows the Admin to define calendar periods using the Basis Date. Learners must complete the Items before the end of the first full interval.

**Catalog** – the listing of available Items and Scheduled Offerings that Learners view and assign.

**Completion Status** – indicates the successful, or unsuccessful, completion of an Item or Scheduled Offering (e.g. Passed, Failed, etc).

**Curriculum** – a group of one or more Items that Admins, Learners, or Plateau Learning assign to Learners and track as a group.

**Domain** – a data 'location' that determines Admin ownership. Domains are used to control all records, including Learners in the database.

**Domain Restriction** – a record that determines in which Domains an Administrator may perform assigned workflows.

**Effective Date** – identifies when the Curriculum status changes to "Incomplete" if the Learner does not complete the Item. This is equivalent to a "Grace Period."

**Event Basis** – based on a straight timeline from the assignment or completion of an Item within a Curriculum.

**Item** – an assignable unit that Plateau Learning tracks and records completion. Items are usually learning-related such as an Instructor-led course or online training.

**Item Classification** –

- *Online* – the Item is entirely Online Content.
- *Instructor-Led* – the Item is Instructor-led. Blended Learning is not a separate Item Classification, but Instructor-led training with Online Content.
- *Other* – the Item is a physical object (e.g. book, video cassette, etc.).

**Learner** – a database record that represents an employee.

**Learning Event** – a Learner's participation, completion, or attempted completion of an Item. This record, located under Learning History, contains the completion status, the completion/attempt date, and additional information.

**Learning History** – a detailed list of recorded Learning Events for a Learner.

**Learning Plan** – a "to-do" list of assigned Items for a Learner. It also includes the Required Date for each Item.

**Notification** – system generated emails sent to Learner, Supervisors, and/or Instructors.

**Online Content** – training content that the Learner launches from the Plateau Learning application (e.g. HTML pages, Flash movies, Word Documents, etc.).

**Prerequisite** – an Item the Learner must complete before he/she can self-register for a Scheduled Offering or launch an Online Item.

**Required Date** – the due date of an Item.

**Retraining Interval** – the number of days before a Learner must successfully complete an Item again.

**SATERN** – a web based software package that manages employee learning and training.

**Scheduled Offering** – an Instructor-led or Blended Learning Item with a scheduled date and time.

**Segment** – a block of instruction within a Scheduled Offering. Scheduled Offerings must contain at least one segment.

**Sub Curriculum** – a Curriculum assigned to a parent Curriculum.

**Subject Areas** – Categories that are associated with Items (used to "Browse" the catalog)

**Substitute** – an Item that, upon successful completion, provides credit for another Item.

**Subordinates** – a Learner that has a specified Supervisor.

**Supervisor** – a Learner that oversees the learning of one or more Learners.

## Appendix G: Training Materials and Job Aids on SATERNINFO.

In addition to other helpful SATERN documentation, training materials and job aids have been developed by the NASA SATERN project team specifically for use by Center and Discipline representatives. The website is constantly updated as training needs are identified. Check the website for the most up-to-date listing. Administrators may download these documents and more from the SATERNINFO Information Page (<https://saterninfo.nasa.gov>).

Under the SATERN Resources > Training Materials link:

### **SATERN for Supervisors**

Description: PowerPoint presentation to be used for Supervisor classes.

### **SATERN Overview for Learners**

Description: PowerPoint presentation to be used for Learner training sessions or other briefings.

### **SATERN Quick Reference Guide**

Description: Step-by-step answers to functional questions for Learners and Supervisors.

### **SATERN External Training Quick Reference Guide**

Description: Brochure for Learners and Supervisors on how to fill in an External Training Request and the five-step external training process

### **SATERN External Training for Learners and Supervisors**

Description: PowerPoint presentation to be used for Learners and Supervisors external training briefings.

### **Job Aid: Add an Item**

Document Type: Word document in .pdf format

Description: A step-by-step guide on how to add an Item. Also includes how to add an online evaluation

### **Job Aid: Schedule an Offering**

Document Type: Word document in .pdf format

Description: A step-by-step guide on how to schedule an offering.

### **Job Aid: Contractor Scheduled Offering Registration**

Document Type: Word document in .pdf format

Contents: A step-by-step guide on how to enroll a contractor in a Scheduled Offering.

### **Job Aid: Record a Learning Event**

Document Type: Word document in .pdf format

Description: A step-by-step guide on how to properly record a learning event at NASA.

## Appendix H: Learner Reference Code Values

### 1. UUPIC – Universal Uniform Personal Identification Code

Source: [NASA Security Procedures Requirement \(NSPR 1600-1\)](#)

CODE	SHORT DESCRIPTION	LONG DESCRIPTION (IF APPLICABLE)
9 digit unique number	UUPIC	Universal Uniform Personal Identification Code – Replaces SSN

### 2. Duty Status

Source: FPPS

CODE	SHORT DESCRIPTION	LONG DESCRIPTION (IF APPLICABLE)
A	ACTIVE	
C	CAREER-SEASONAL	
D	DEATH	
F	FECA	
I	IPA 50% REIMBURSED	
L	LWOP/FURLOUGH/SUSPENSION	
M	MILITARY FURLOUGH	
N	SEPARATIONS-RIF/IN LIEU OF ADV ACT	
P	IN PROGRESS	
Q	SEPARATIONS-QUITS	
R	SEPARATIONS-RETIREMENT	
S	SEPARATIONS-INTERNATIONAL ORG/IPA	
U	SEPARATIONS-RSGN/TERM/DSCHG/RMV	
V	CASUAL/ACTIVE	
W	CASUAL/INACTIVE	
Y	ACTIVE YCC ENROLLEE	
Z	SEPARATED YCC ENROLLEE	

### 3. Ethnic Origin

CODE	SHORT DESCRIPTION	LONG DESCRIPTION (IF APPLICABLE)
------	-------------------	----------------------------------

A	AMERICAN INDIAN	A person having origins in any of the original people of North America, and who maintains cultural identification through community recognition or tribal affiliation. (This code must not be used for employees in Puerto Rico.)
B	ASIAN	A person having origins in any of the original people of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This area includes, for example, China, India, Japan, Korea, the Philippine Islands, and Samoa. (This code must not be used for employees in Hawaii or Puerto Rico.)
C	AFRICAN AMERICAN	A person having origins in any of the black racial groups of Africa. Does not include people of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish cultures or origins (see Hispanic). (This code must not be used for employees in Puerto Rico.)
D	HISPANIC	A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish cultures or origins. Does not include people of Portuguese culture or origin.
E	CAUCASIAN	A person having origins in any of the original people of Europe, North Africa, or the Middle East. Does not include people of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish cultures or origins (see Hispanic). Also includes people not included in other categories. (This code must not be used for employees in Puerto Rico.)
F	ASIAN INDIAN	A person having origins in any of the original people of the Indian subcontinent, i.e., India, Pakistan, Bangladesh, Sri Lanka, Nepal, Sikkim, and Bhutan. <b>(This code is for use in Hawaii only.)</b>
G	CHINESE	A person having origins in any of the original people of China. <b>(This code is for use in Hawaii only.)</b>
H	FILIPINO	A person having origins in any of the original people of the Philippines. <b>(This code is for use in Hawaii only.)</b>
J	GUAMANIAN	A person having origins in any of the original people of Guam (e.g., Chamorro). <b>(This code is for use in Hawaii only.)</b>
K	HAWAIIAN	A person having origins in any of the original people of Hawaii. Includes people who are Part Hawaiian and identify most closely with the Hawaiian category. <b>(This code is for use in Hawaii only.)</b>

L	JAPANESE	A person having origins in any of the original people of Japan. <b>(This code is for use in Hawaii only.)</b>
M	KOREAN	A person having origins in any of the original people of Korea. <b>(This code is for use in Hawaii only.)</b>
N	SAMOAN	A person having origins in any of the original people of Samoa. <b>(This code is for use in Hawaii only.)</b>
OTHER	OTHER	
P	VIETNAMESE	A person having origins in any of the original people of Vietnam. <b>(This code is for use in Hawaii only.)</b>
Q	OTHER ASIAN/PACIFIC	A person having origins in any of the original people of Asia or the Pacific Islands not included in codes F through P above. <b>(This code is for use in Hawaii only.)</b>
Y	NOT HISPANIC IN PUERTO RICO	A person not of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish cultures or origins whose official duty station is in Puerto Rico. <b>(This code is for use in Puerto Rico only.)</b>

#### 4. Handicap code

CODE	SHORT DESCRIPTION	<b>** Denotes Targeted Handicap</b> LONG DESCRIPTION (IF APPLICABLE)
01	HANDICAP NOT IDENTIFIED	
04	NO HANDICAP. (ACCESSION PRIOR TO 10/01/87)	
05	NO HANDICAP	
06	HANDICAP NOT LISTED	
13	SEVERE SPEECH MALFUNCTION OR INABILITY TO SPEAK, HEARING IS NORMAL	
15	HARD OF HEARING	
16	TOTAL DEAFNESS IN BOTH EARS WITH UNDERSTANDABLE SPEECH **	
17	TOTAL DEAFNESS IN BOTH EARS AND UNABLE TO SPEAK CLEARLY **	
22	ABILITY TO READ ORDINARY SIZE PRINT WITH GLASSES BUT LOSS OF PERIPHERAL	
23	INABILITY TO READ ORDINARY SIZE PRINT, NOT CORRECTABLE BY GLASSES **	
24	BLIND IN ONE EYE	
25	BLIND IN BOTH EYES **	
27	ONE HAND MISSING	
28	ONE ARM MISSING **	
29	ONE FOOT MISSING	
32	ONE LEG MISSING **	
33	BOTH HANDS OR ARMS MISSING **	
34	BOTH FEET OR LEGS MISSING **	
35	ONE HAND OR ARM AND ONE FOOT OR LEG MISSING **	
36	ONE HAND OR ARM AND BOTH FEET OR LEGS MISSING **	
37	BOTH HANDS OR ARMS AND ONE FOOT OR LEG MISSING **	
38	BOTH HANDS OR ARMS AND BOTH FEET OR LEGS MISSING **	

44	LOSS OF ABILITY TO MOVE OR USE ONE OR BOTH HANDS
45	LOSS OF ABILITY TO MOVE OR USE ONE OR BOTH FEET
46	LOSS OF ABILITY TO MOVE OR USE ONE OR BOTH ARMS
47	LOSS OF ABILITY TO MOVE OR USE ONE OR BOTH LEGS
48	LOSS OF ABILITY TO MOVE OR USE HIP OR PELVIS
49	LOSS OF ABILITY TO MOVE OR USE BACK
57	LOSS OF ABILITY TO MOVE OR USE ANY COMBINATION OF TWO OR MORE PARTS OF THE BODY
61	PARTIAL PARALYSIS - ONE HAND
62	PARTIAL PARALYSIS - ONE ARM, ANY PART
63	PARTIAL PARALYSIS - ONE LEG, ANY PART
64	PARTIAL PARALYSIS - BOTH HANDS **
65	PARTIAL PARALYSIS - BOTH LEGS, ANY PART **
66	PARTIAL PARALYSIS - BOTH ARMS, ANY PART **
67	PARTIAL PARALYSIS - ONE SIDE OF BODY, INCLUDING ONE ARM AND ONE LEG **
68	PARTIAL PARALYSIS - THREE OR MORE MAJOR PARTS **
70	COMPLETE PARALYSIS - ONE HAND
71	COMPLETE PARALYSIS - BOTH HANDS **
72	COMPLETE PARALYSIS - ONE ARM **
73	COMPLETE PARALYSIS - BOTH ARMS **
74	COMPLETE PARALYSIS - ONE LEG **
75	COMPLETE PARALYSIS - BOTH LEGS **
76	COMPLETE PARALYSIS - LOWER HALF OF BODY INVOLVING LEGS **
77	COMPLETE PARALYSIS - ONE SIDE OF BODY, INCLUDING ONE ARM AND ONE LEG **
78	COMPLETE PARALYSIS - THREE OR MORE MAJOR MEMBERS OF THE BODY (ARMS AND LEGS) **
80	HEART DISEASE, WITH NO RESTRICTION OR LIMITATION OF ACTIVITY
81	HEART DISEASE, WITH RESTRICTION OR LIMITATION OF ACTIVITY
82	CONVULSIVE DISORDERS
83	BLOOD DISEASE **
84	DIABETES
86	PULMONARY OR RESPIRATORY DISORDERS
87	KIDNEY DYSFUNCTIONING
88	CANCER WITH COMPLETE RECOVERY. A HISTORY OF CANCER WITH COMPLETE RECOVERY
89	CANCER UNDERGOING SURGICAL AND/OR MEDICAL TREATMENT
90	MENTAL RETARDATION **
91	MENTAL OR EMOTIONAL ILLNESS **
92	SEVERE DISTORTION OF LIMBS AND/OR SPINE **
93	DISFIGUREMENT OF FACE, HANDS, OR FEET
94	LEARNING DISABILITY

## 5. Veterans Preference

**Source:** [The CPDF Guide to Personnel Data Standards](#)

CODE	SHORT DESCRIPTION	LONG DESCRIPTION (IF APPLICABLE)
1	None	Person is not entitled to veterans preference.
2	5-point	Veteran is entitled to 5-point preference.

CODE	SHORT DESCRIPTION	LONG DESCRIPTION (IF APPLICABLE)
3	10-point/disability	Veteran is entitled to 10-point preference due to a serviceconnected disability (includes recipient of the Purple Heart who is not rated as having a compensable disability of 10 percent or more).
4	10-point/compensable	Veteran is entitled to 10-point preference due to a compensable service-connected disability of less than 30 percent.
5	10-point/other	Persons entitled to 10-point preference in this category: (1) Both the spouse and mother of veterans occupationally disabled because of a serviceconnected disability; and (2) the widow/widower and mother of a deceased wartime veteran.
6	10-point/compensable/30 percent	Veteran is entitled to 10-point preference due to a compensable service-connected disability of 30 percent or more.

## 6. NASA Class Code

CODE	SHORT DESCRIPTION	LONG DESCRIPTION (IF APPLICABLE)
10000	Wage Grade	
20001	Pending Classification	
20101	General Engineer	
20201	Safety Engineer	
20301	Fire Prevention Engineer	
20501	Materials Engineer

## 8. Supervisory Status

CODE	SHORT DESCRIPTION	LONG DESCRIPTION (IF APPLICABLE)
2	SUPERVISOR OR MANAGER	Position requires the exercise of supervisory or managerial responsibilities that meet, at least, the minimum requirements for application of the General Schedule Supervisory Guide or similar standards of minimum supervisory responsibility specified by position classification standards or other directives of the applicable pay schedule or system.
4	SUPERVISOR (CSRA)	Position meets the definition of Supervisor in 5 U.S.C. 7103(a)(10), but does not meet the minimum requirements for application of the General Schedule Supervisory Guide.
5	MANAGEMENT OFFICIAL (CSRA)	Position meets the definition of Management Official in 5 U.S.C. 7103(a)(11), but does not meet the General Schedule Supervisory Guide definition of Supervisor/Manager or the definition of Supervisor in 5 U.S.C. 7103(a)(10).
6	LEADER	Position is titled with the prefix "Lead" and meets the minimum requirements for application of the Work Leader Grade Evaluation Guide; or meets similar minimum requirements for leader responsibilities specified by the job standards or other directives of the applicable pay schedule or system. Position is under a wage system or leads a team performing one-grade interval work.

CODE	SHORT DESCRIPTION	LONG DESCRIPTION (IF APPLICABLE)
7	TEAM LEADER	Position is titled with the prefix "Lead" and meets the minimum requirements for application of the General Schedule Team Leader Grade- Evaluation Guide; position leads a team of General Schedule employees performing two-grade interval work.
8	ALL OTHER POSITIONS	Position does not meet the above definition of Supervisor or Manager, Supervisor (CSRA), Management Official (CSRA), Leader, or Team Leader.

## 15. Degree Level

Source: [The CPDF Guide to Personnel Data Standards](#)

CODE	SHORT DESCRIPTION	LONG DESCRIPTION (IF APPLICABLE)
1	NO FORMAL EDUCATION OR SOME ELEMENTARY SCHOOL--DID NOT COMPLETE	Elementary school means grades 1 through 8, or equivalent, not completed.
2	ELEMENTARY SCHOOL COMPLETED--NO HIGH SCHOOL	Grade 8 or equivalent completed.
3	SOME HIGH SCHOOL--DID NOT GRADUATE	High school means grades 9 through 12, or equivalent.
4	HIGH SCHOOL GRADUATE OR CERTIFICATE OF EQUIVALENCY.	
5	TERMINAL OCCUPATIONAL PROGRAM--DID NOT COMPLETE	Program extending beyond grade 12, usually no more than three years; designed to prepare students for immediate employment in an occupation or cluster of occupations; not designed as the equivalent of the first two or three years of a baccalaureate degree program. Includes cooperative training or apprenticeship consisting of formal classroom instruction coupled with on-the-job training.
6	TERMINAL OCCUPATIONAL PROGRAM--CERTIFICATE OF COMPLETION, DIPLOMA OR EQUIVALENT	See code 05 above for definition of terminal occupational program. Two levels are recognized: (1) The technical and/or semi-professional level preparing technicians or semiprofessional personnel in engineering and nonengineering fields; and (2) the craftsman/clerical level training artisans, skilled operators, and clerical workers.
7	SOME COLLEGE--LESS THAN ONE YEAR	Less than 30 semester hours completed.
8	ONE YEAR COLLEGE	0-59 semester hours or 45-89 quarter hours completed.
9	TWO YEARS COLLEGE	60-89 semester hours or 90-134 quarter hours completed.
10	ASSOCIATE DEGREE	2-year college degree program completed.

CODE	SHORT DESCRIPTION	LONG DESCRIPTION (IF APPLICABLE)
11	THREE YEARS COLLEGE	90-119 semester hours or 135-179 quarter hours completed.
12	FOUR YEARS COLLEGE	120 or more semester hours or 180 or more quarter hours completed--no baccalaureate (Bachelor's) degree.
13	BACHELOR'S DEGREE	Requires completion of at least four, but no more than five, years of academic work; includes Bachelor's degree conferred in a cooperative business, industry, or government to allow student to combine actual work experience with college studies.
14	POST-BACHELOR'S	Some work beyond (at a higher level than) the Bachelor's degree but no additional higher degree.
15	FIRST PROFESSIONAL	Signifies the completion of academic requirements for selected professions that are based on programs requiring at least two academic years of previous college work for entrance and a total of at least six academic years of college work for completion, e.g., Dentistry (D.D.S. or D.M.D.), Law (LL. B. or J.D.), Medicine (M.D.), Theology (B.D.), Veterinary Medicine (D.V.M.), Chiropody or Podiatry (D.S.C. or D.P.), Optometry (O.D.), and Osteopathy (D.O.).
16	POST-FIRST PROFESSIONAL	Some work beyond (at a higher level than) the first professional degree but no additional higher degree.
17	MASTER'S DEGREE	For liberal arts and sciences customarily granted upon successful completion of one (sometimes two) academic years beyond the Bachelor's degree. In professional fields, an advanced degree beyond the first professional but below the Ph.D., e.g., the LL.M.; M.S. in surgery following the M.D.; M.S.D., Master of Science in Dentistry; M.S.W., Master of Social Work.
18	POST-MASTER'S	Some work beyond (at a higher level than) the Master's degree but no additional higher degree.
19	SIXTH-YEAR DEGREE	Includes such degrees as Advanced Certificate in Education, Advanced Master of Education, Advanced Graduate Certificate, Advanced Specialist in Education Certificate, Certificate of Advanced Graduate Study, Certificate of Advanced Study, Advanced Degree in Education, Specialist in Education, Licentiate in Philosophy, Specialist in Guidance and Counseling, Specialist in Art, Specialist in Science, Specialist in School Administration, Specialist in School Psychology, Licentiate in Sacred Theology.
20	POST-SIXTH YEAR	Some work beyond (at a higher level than) the sixth-year degree but no additional higher degree.
21	DOCTORATE DEGREE	Includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and the Ph.D. (or equivalent) in any field. Does not include a Doctor's degree that is a first professional degree, per code 15.
22	POST-DOCTORATE	Work beyond the Doctorate.
